## **ARTICLE VIII OPTION TO RECONVEY**

**8A.1 Buyer Parties' Right to Require Reconveyance.** If the Parties close on or before October 26, 2009, and the MDEQ does not issue an Order of Approval which satisfies the SRF Contingency on or before December 21, 2009, any one of the Buyer Parties shall have the right, but is not required, to require that the OMI System be reconveyed to Detroit and to cause Detroit to accept such reconveyance. Any one of Buyer Parties may exercise that right by giving written notice thereof to Detroit delivered electronically to its counsel Robert Walter at his business email address not later than 5 p.m. Eastern Standard Time on either a) the seventh day after the District's receipt of an Order of Approval or other official communication from the MDEQ that does not satisfy the SRF Contingency, or b) January 4, 2010 if the SRF Contingency is not otherwise satisfied by that date. If the District gives such notice, Detroit shall accept such reconveyance and shall execute and deliver the Reconveyance Agreement attached as Exhibit E (the "Reconveyance Agreement") to the District and the District shall execute and deliver the Reconveyance Agreement to Detroit. A Buyer Party's right to require reconveyance shall terminate unless it timely gives the notice required in the foregoing sentence. The reconveyance shall be pursuant to the terms set forth in the Reconveyance Agreement. Exercise of the right to reconvey will restore the rights of Detroit and Oakland and Macomb Counties under Section 9.A of the Global Settlement Agreement.

## **ARTICLE IX TERMINATION PRIOR TO CLOSING**

### **9.1 Termination.**

(a) This Agreement may be terminated at any time prior to the Closing:

(1) By the mutual written consent of Detroit and the District;

(2) By Detroit in writing if the District shall be in Default;

(3) By the District in writing if Detroit shall be in Default;

(4) By written notice of either Party hereto to the other Party hereto if, after the date of this Agreement but prior to the Closing, defects within and necessary repairs to the OMI System have become Materially greater or different than those

disclosed in the following reports prepared by NTH Consultants, Ltd.:

(A) Supplemental Report dated August 11, 2008 — Sewer Condition Investigation & Evaluation (DWSD Contract No. PCI-5 — Edison Corridor Interceptor; DWSD Contract CS-1372, Task 48);

(B) Report on Sewer Condition Investigation & Evaluation dated January 30, 2008 (Oakland Arm and Avon Sewers; Oakland-Macomb Interceptor, PCI-8, PCI-9, PCI-10A, PCI-10B, PCI-11A; DWSD Contract CS-1372, Task 48); and

(C) Report — Sewer Condition Investigation & Evaluation dated January 30, 2008 (Edison Corridor Interceptor; Oakland-Macomb Interceptor, PCI-5, PCI-6, PCI-7; DWSD Contract CS-1372, Task 48).

(5) By the District or Detroit if the transaction is not approved by all their respective governing bodies; and

(6) By either Party hereto if the other Party hereto shall fail to timely satisfy those conditions set forth in ARTICLE VII or ARTICLE VIII hereto, as appropriate.

(b) This Agreement may be terminated by the District in writing on or before October 1, 2009 if it shall not have been satisfied in its sole discretion with the results of the District's continuing due diligence investigations of the OMI System, including without limitation, with respect to all operational, financial, environmental, legal and accounting matters.

**9.2 Effect on Obligations.** Termination of this Agreement pursuant to this ARTICLE IX shall terminate all obligations of the Parties hereto; provided, however, that termination pursuant to Sections 9.1(a)(2) or 9.1(a)(3) hereof shall not relieve any defaulting party from any liability to the other party hereto resulting from such Default. Notwithstanding the foregoing, any and all existing agreements (other than this Agreement) between Detroit and the District and/or any constituent entity thereof which are related to the OMI System shall remain in full force and effect following any termination of this Agreement unless and until such existing agreements are otherwise terminated pursuant to the terms thereof.

## **ARTICLE X REMEDIES FOR BREACHES OF THIS AGREEMENT**

**10.1 Survival of Representations and Warranties.** All of the representations, warranties and covenants of the District and Detroit contained in this Agreement and the schedules and exhibits hereto shall survive the Closing and continue in full force and effect forever thereafter (subject only to any applicable statutes of limitations applicable to their breach).

**10.2 Remedies Generally.** Unless

expressly limited by this Agreement, in addition to any remedies provided in Sections 10.3, 10.4 and 10.5, the Parties shall have all remedies available at law and equity for a breach of contract for any breaches of any terms of this Agreement.

**10.3 Remedies for Breach of Representations, Warranties and Covenants.** If a Party sustains any Losses because the representations or warranties provided by the other Party are incorrect or untrue or because the other Party has breached its covenants given herein, the other Party shall be liable for all Losses incurred by the Party to cure such representations, warranties or covenants. In addition or in the alternative, the Party may require the other Party to take such actions as required to cure such misrepresentations, warranties or breached covenants.

**10.4 Remedies to Cure Title Issues.** In the event that Detroit does not possess all necessary, permanent, perpetual and transferable OMI System Real Property Rights (not including easements, rights of way or licenses by prescription, necessity, acquiescence or implication), the District may obtain by purchase, condemnation or otherwise such easements, rights of way, licenses or other agreements on terms reasonably acceptable to District and in any case sufficient to entitle the District to use and operate the OMI System in the same manner as used and operated by Detroit prior to Closing. District shall use good faith efforts to minimize the cost of obtaining such easements, rights of way, licenses or other agreements. District shall consult with Detroit before extending offers to purchase, finalizing any appraisals, or extending any settlement offers, and shall reasonably consider any comments or objections made by Detroit with regard to same. In the event that condemnation proceedings are commenced or other litigation related to OMI System Real Property Rights occurs, District shall inform Detroit of the commencement of such proceedings and provide advance notice of hearings and settlement conferences scheduled in such proceedings. Detroit, at its sole cost and expense, shall cooperate in taking all actions requested by the District to assist the District in obtaining such easements and other interests in property. Within 60 days of demand, as may be made from time to time by the District, Detroit shall reimburse the District in an amount equal to any and all costs incurred by the District to obtain such easements and other interests in property, including, but not limited to, costs of acquisition or condemnation awards (including the condemnation defendant's attorneys fees and costs) and all legal, expert and professional fees and costs incurred by the District and any Losses actually incurred by the District arising out of Claims asserted against the

District by third parties based on the failure to have an easement, right of way, license or other agreement for real property necessary for the use and routine operation of the OMI System. These reimbursable costs include the costs set forth in Schedule 10.4 incurred by the District before Closing to ascertain the location of any improvements constituting any part of the OMI System or to compare the location of the OMI easements to the "as-built" designs of the OMI System. Further, within 60 days of demand, as may be made from time to time by the District, Detroit shall reimburse the District for all Losses actually incurred by the District arising out of Claims asserted against the District arising out of any obligation occurring under the OMI Real Property Agreements before Closing.

#### 10.5 Limitations on Certain Remedies.

(a) Notwithstanding anything in Sections 10.2, 10.3 and 10.4 to the contrary, any right to damages arising under those Sections shall be net of the dollar amount of any insurance proceeds actually received by the Party from any third party insurer with respect to the Claim.

(b) The injured Party will take reasonable steps to mitigate all Losses relating to the Claim, including availing itself of any defenses, limitations, and will provide such evidence and documentation of the nature and extent of the Claim as may be reasonably requested by the other Party. The injured Party's reasonable steps include the reasonable expenditure of money to mitigate or otherwise reduce or eliminate any loss or expense for which a remedy would otherwise be due under this ARTICLE X, and the reimbursing Party will reimburse the injured Party for the injured Party's reasonable expenditures in undertaking the mitigation.

(c) Notwithstanding anything contained to the contrary in any other provision of this Agreement, except in cases of a Party's gross negligence, willful misconduct or fraud, the obligations of each Party under Sections 10.2, 10.3 and 10.4, and the recovery by any injured Party of any liabilities suffered or incurred by it as a result of any breach or non-fulfillment by a Party or any of its representations, warranties, covenants, agreements or other obligations under this Agreement, shall be limited to actual damages (but excluding consequential damages).

(d) Survival of Remedies. The rights and obligations to remedies given in Article X shall survive the Closing indefinitely.

### **ARTICLE XI PROCEDURES IN THE EVENT OF CLAIMS BY THIRD PARTIES**

11.1 Remedies For Third Party Claims Asserted Against One Party Arising out of or Related to Liabilities Assumed or Retained by the Other Party. In the event

that a Third Party Claim, as defined below, is asserted against one Party ("**Indemnified Party**") arising out of or related to matters for which the other Party ("**Indemnifying Party**") has assumed liability under this Agreement, the Indemnifying Party shall defend the Indemnified Party from such Third Party Claims and shall reimburse the Indemnified Party for any Loss incurred by the Indemnified Party resulting from such Third Party Claims.

#### 11.2 Defense and Settlement of Third Party Claims.

(a) If any third party shall notify an Indemnified Party with respect to any matter (a "**Third Party Claim**") which arises out of a matter for which liability was expressly assumed or retained by the Indemnifying Party under this Agreement or arises out of the breach of a representation, warranty or covenant given in this Agreement, the Indemnified Party shall promptly (and in any event within 30 days after receiving notice of the Third Party Claim) notify the Indemnifying Party thereof in writing. Third Party Claim does not include any Claim covered by Section 10.4. Failure to give the required notice shall not bar the rights of the Indemnified Party under this Agreement except to the extent that such failure prejudices the Indemnifying Party's ability to defend and settle the Third Party Claim.

(b) To the extent permitted by Applicable Law, the Indemnifying Party will have the right at any time to assume and thereafter conduct the Indemnified Party's defense of the Third Party Claim with counsel of its choice reasonably satisfactory to the Indemnified Party provided that within 30 days after receipt of the notice of the claim the Indemnifying Party confirms in writing its responsibility therefore; provided, however, that the Indemnifying Party will not consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without the prior written consent of the Indemnified Party (not to be withheld unreasonably) unless the judgment or proposed settlement involves only the payment of money damages and does not impose an injunction or other equitable relief upon the Indemnified Party and includes a full and complete release of the Indemnified Party as an unconditional term thereof.

(c) Unless and until the Indemnifying Party timely assumes the defense of the Third Party Claim as provided in Section 11.2(b) above, however, the Indemnified Party may defend against the Third Party Claim in any manner it reasonably may deem appropriate.

(d) In no event will the Indemnified Party consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without

seeking the prior written consent of the Indemnifying Party (not to be withheld unreasonably).

(e) The Indemnifying Party shall not be entitled to control (but shall be entitled to participate at its own expense) and the Indemnified Party shall be entitled to have sole entire control over the defense or settlement of the Claim or portion of a Claim to the extent the Claim or portion of a Claim seeks an order, injunction, non-monetary or other equitable relief against the Indemnified Party which if successful, could materially interfere with the business, operations assets, condition (financial or otherwise) or prospects of the Indemnified Party.

**11.3 Release and Covenant Not To Sue.** Each Party releases and covenants not to sue the other for Liabilities expressly assumed or retained by the Party under this Agreement except to enforce the terms of this Agreement.

**11.4 Survival of Remedies.** The rights and remedies given in Article XI shall survive the Closing indefinitely.

## **ARTICLE XII MISCELLANEOUS**

**12.1 Continued Support.** In the event and for so long as either party hereto (including, in the case of the District, its constituent counties) actively is contesting or defending against any Claim in connection with (a) any transaction contemplated under this Agreement, (b) the resolution of any encroachments or trespasses by the OMI System, encroaching easements, Encumbrances or rights-of-way, (c) any fact, situation, circumstances, status, condition, activity, practice, plan, occurrence, event, incident, action, failure to act, or transaction involving the OMI System, the other Party will cooperate with the contesting or defending Party and its counsel in the contest or defense, make available its personnel, and provide such testimony and access to its books and records as shall be necessary in connection with the contest or defense, all at the sole cost and expense of the contesting or defending Party (unless the contesting or defending party is entitled to reimbursement therefor under ARTICLE X and XI above). The rights and obligations in this Section 12.1 shall survive the Closing indefinitely.

**12.2 Cooperation on Repairs.** After the Closing, Detroit shall cooperate with the District in taking actions to facilitate the ongoing repairs to the OMI System.

**12.3 Construction.** The parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties and no presumption or burden of proof shall arise favoring or disfavoring any

party by virtue of the authorship of any of the provisions of this Agreement. Any reference to any federal, state, local, or foreign statute or law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise. The word "including" shall mean including without limitation.

**12.4 Incorporation of Schedules.** The Schedules and exhibits identified in this Agreement are incorporated herein by reference and made a part hereof.

**12.5 Entire Agreement.** This Agreement constitutes the sole understanding of the parties hereto with respect to the matters provided for herein and supercedes any previous agreements and understandings between the Parties with respect to the subject matter hereof. No amendment, modification or alteration of the terms or provisions of this Agreement shall be binding unless the same shall be in writing and duly executed by Detroit and the District and in compliance with Section 12.12.

**12.6 Successors and Assigns.** This Agreement will inure to the benefit of and be binding upon Detroit and the District and their respective successors and permitted assigns. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by either Party hereto without the prior written consent of the other Party hereto.

**12.7 Taking of Necessary Action.** Subject to the terms and conditions of this Agreement, each of the parties hereto agrees, subject to Applicable Law, to use all reasonable best efforts promptly to take or cause to be taken all action and to promptly do or cause to be done all things necessary, proper or advisable under Applicable Laws and regulations to consummate and make effective the transactions contemplated by this Agreement. Without limiting the foregoing and subject to the terms and conditions of this Agreement, the parties shall use their commercially reasonable efforts to obtain and make all Required Regulatory Approvals. Each party hereto shall cooperate with the other in good faith to help the other satisfy its obligations hereunder.

**12.8 Invalidity.** If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the practical, economic and legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as

possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the extent possible. Invalid provisions shall be severed from this Agreement.

12.9 Counterparts; Facsimile Signatures. This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument. This Agreement may be executed by facsimile signatures which shall be considered originals.

12.10 Headings. The headings of the articles, sections and paragraphs of this Agreement and of the exhibits hereto are included for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction hereof or thereof.

12.11 Construction and References. Words used in this Agreement, regardless of the number or gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context shall require. Unless otherwise specified, all references in this Agreement to articles, sections, paragraphs or clauses are deemed references to the corresponding articles, sections, paragraphs or clauses in this Agreement, and all references in this Agreement to exhibits are references to the corresponding exhibits attached to this Agreement.

12.12 Modification and Waiver. Any of the terms or conditions of this Agreement may be waived in writing at any time by the party which is entitled to the benefits thereof. No waiver of any of the provisions of this Agreement shall be deemed to or shall constitute a waiver of any other provisions hereof (whether or not similar). Oral modifications of this Agreement are not permitted. Modification or amendment of this Agreement shall require the approval of the District's Board, the Board of Water Commissioners and the Detroit City Council.

12.13 Dispute Resolution. Any and all claims alleging a breach of this Agreement shall be submitted to the alternative dispute resolution process set forth in Exhibit F hereto.

12.14 Notices. Any notice, request, instruction or other document to be given hereunder by any party hereto to any other party shall be in writing and delivered personally, via telecopy (with receipt confirmed) or by registered or certified mail, postage prepaid:

Notwithstanding the foregoing, any and all existing agreements (other than this Agreement) between Detroit and Macomb County and/or any constituent entity thereof which are related to the Macomb-Only System shall remain in full force and effect following any termination of this Agreement unless and until such existing agreements are otherwise terminated pursuant to the terms thereof.

#### ARTICLE X

##### REMEDIES FOR BREACHES OF THIS AGREEMENT

10.1 Survival of Representations and Warranties. All of the representations, warranties and covenants of Macomb County and Detroit contained in this

Agreement and the schedules and exhibits hereto shall survive the Closing and continue in full force and effect forever thereafter (subject only to any applicable statutes of limitations applicable to their breach).

10.2 Remedies Generally. Unless expressly limited by this Agreement, in addition to any remedies provided in Sections 10.3, 10.4 and 10.5, the Parties shall have all remedies available at law and equity for a breach of contract for any breaches of any terms of this Agreement.

10.3 Remedies for Breach of Representations, Warranties and Covenants. If a Party sustains any Losses because the representations or warranties provided by the other Party are incorrect or untrue or because the other Party has breached its covenants given herein, the other Party shall be liable for all Losses incurred by the Party to cure such representations, warranties or covenants. In addition or in the alternative, the Party may require the other Party to take such actions as required to cure such misrepresentations, warranties or breached covenants.

10.4 Remedies to Cure Title Issues. In the event that Detroit does not possess all necessary, permanent, perpetual and transferable Macomb-Only System Real Property Rights (not including easements, rights of way or licenses by prescription, necessity, acquiescence or implication), Macomb County may obtain by purchase, condemnation or otherwise such easements, rights of way, licenses or other agreements on terms reasonably acceptable to Macomb County and in any case sufficient to entitle Macomb County to use and operate the Macomb-Only System in the same manner as used and operated by Detroit prior to Closing. Macomb County shall use good faith efforts to minimize the cost of obtaining such easements, rights of way, licenses or other agreements. Macomb County shall consult with Detroit before extending offers to purchase, finalizing any appraisals, or extending any settlement offers, and shall reasonably consider any comments or objections made by Detroit with regard to same. In the event that condemnation proceedings are commenced or other litigation related to Macomb-Only System Real Property Rights occurs, Macomb County shall inform Detroit of the commencement of such proceedings and provide advance notice of hearings and settlement conferences scheduled in such proceedings. Detroit, at its sole cost and expense, shall cooperate in taking all actions requested by Macomb County to assist Macomb County in obtaining such easements and other interests in property. Within 60 days of demand, as may be made from time to time by Macomb County, Detroit shall reimburse the Macomb County in an amount equal to

any and all costs incurred by Macomb County to obtain such easements and other interests in property, including, but not limited to, costs of acquisition or condemnation awards (including the condemnation defendant's attorneys fees and costs) and all legal, expert and professional fees and costs incurred by the Macomb County and any Losses actually incurred by the Macomb County arising out of Claims asserted against Macomb County by third parties based on the failure to have an easement, right of way, license or other agreement for real property necessary for the use and routine operation of the Macomb-Only System. These reimbursable costs include the costs set forth in Schedule 10.4 incurred by the Macomb County before Closing to ascertain the location of any improvements constituting any part of the Macomb-Only System or to compare the location of the OMI easements to the "as-built" designs of the Macomb-Only System. Further, within 60 days of demand, as may be made from time to time by Macomb County, Detroit shall reimburse Macomb County for all Losses actually incurred by Macomb County arising out of Claims asserted against Macomb County arising out of any obligation occurring under the OMI Real Property Agreements before Closing.

10.5 Limitations on Certain Remedies.

(a) Notwithstanding anything in Sections 10.2, 10.3 and 10.4 to the contrary, any right to damages arising under those Sections shall be net of the dollar amount of any insurance proceeds actually received by the Party from any third party insurer with respect to the Claim.

(b) The injured Party will take reasonable steps to mitigate all Losses relating to the Claim, including availing itself of any defenses, limitations, and will provide such evidence and documentation of the nature and extent of the Claim as may be reasonably requested by the other Party. The injured Party's reasonable steps include the reasonable expenditure of money to mitigate or otherwise reduce or eliminate any loss or expense for which a remedy would otherwise be due under this ARTICLE X, and the reimbursing Party will reimburse the injured Party for the injured Party's reasonable expenditures in undertaking the mitigation.

(c) Notwithstanding anything contained to the contrary in any other provision of this Agreement, except in cases of a Party's gross negligence, willful misconduct or fraud, the obligations of each Party under Sections 10.2, 10.3 and 10.4, and the recovery by any injured Party of any liabilities suffered or incurred by it as a result of any breach or non-fulfillment by a Party or any of its representations, warranties, covenants, agreements or other obligations under this Agreement, shall be

limited to actual damages (but excluding consequential damages).

#### **ARTICLE XI PROCEDURES IN THE EVENT OF CLAIMS BY THIRD PARTIES**

In the event that a Third Party Claim, as defined below, is asserted against one Party ("**Indemnified Party**") arising out of or related to matters for which the other Party ("**Indemnifying Party**") has assumed liability under this Agreement, the Indemnifying Party shall defend the Indemnified Party from such Third Party Claims and shall reimburse the Indemnified Party for any Loss incurred by the Indemnified Party resulting from such Third Party Claims.

#### 11.2 Defense and Settlement of Third Party Claims.

(a) If any third party shall notify an Indemnified Party with respect to any matter (a "**Third Party Claim**") which arises out of a matter for which liability was expressly assumed or retained by the Indemnifying Party under this Agreement or arises out of the breach of a representation, warranty or covenant given in this Agreement, the Indemnified Party shall promptly (and in any event within 30 days after receiving notice of the Third Party Claim) notify the Indemnifying Party thereof in writing. Third Party Claim does not include any Claim covered by Section 10.4. Failure to give the required notice shall not bar the rights of the Indemnified Party under this Agreement except to the extent that such failure prejudices the Indemnifying Party's ability to defend and settle the Third Party Claim.

(b) To the extent permitted by Applicable Law, the Indemnifying Party will have the right at any time to assume and thereafter conduct the Indemnified Party's defense of the Third Party Claim with counsel of its choice reasonably satisfactory to the Indemnified Party provided that within 30 days after receipt of the notice of the claim the Indemnifying Party confirms in writing its responsibility therefore; provided, however, that the Indemnifying Party will not consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without the prior written consent of the Indemnified Party (not to be withheld unreasonably) unless the judgment or proposed settlement involves only the payment of money damages and does not impose an injunction or other equitable relief upon the Indemnified Party and includes a full and complete release of the

Indemnified Party as an unconditional term thereof.

(c) Unless and until the Indemnifying Party timely assumes the defense of the Third Party Claim as provided in Section 11.2(b) above, however, the Indemnified Party may defend against the Third Party Claim in any manner it reasonably may deem appropriate.

(d) In no event will the Indemnified Party consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without seeking the prior written consent of the Indemnifying Party (not to be withheld unreasonably).

(e) The Indemnifying Party shall not be entitled to control (but shall be entitled to participate at its own expense) and the Indemnified Party shall be entitled to have sole entire control over the defense or settlement of the Claim or portion of a Claim to the extent the Claim or portion of a Claim seeks an order, injunction, non-monetary or other equitable relief against the Indemnified Party which if successful, could materially interfere with the business, operations assets, condition (financial or otherwise) or prospects of the Indemnified Party.

11.3 Release and Covenant Not To Sue. Each Party releases and covenants not to sue the other for Liabilities expressly assumed or retained by the Party under this Agreement except to enforce the terms of this Agreement.

11.4 Survival of Remedies. The rights and remedies given in Article XI shall survive the Closing indefinitely.

#### **ARTICLE XII MISCELLANEOUS**

12.1 Continued Support. In the event and for so long as either party hereto actively is contesting or defending against any Claim in connection with (a) any transaction contemplated under this Agreement, (b) the resolution of any encroachments or trespasses by Macomb County, encroaching easements, Encumbrances or rights-of-way, (c) any fact, situation, circumstances, status, condition, activity, practice, plan, occurrence, event, incident, action, failure to act, or transaction involving the Macomb-Only System, the other Party will cooperate with the contesting or defending Party and its counsel in the contest or defense, make available its personnel, and provide such testimony and access to its books and records as shall be necessary in connection with the contest or defense, all at the sole cost and expense of the contesting or defending Party (unless the contesting or defending party is entitled to reimbursement therefor under ARTICLE X and XI above). Each party hereto shall cooperate with the other in good faith to help the other satisfy its obligations hereunder.

**12.8 Invalidity.** If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any

rule of law, or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the practical, economic and legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the extent possible. Invalid provisions shall be severed from this Agreement.

**12.9 Counterparts: Facsimile Signatures.** This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument. This Agreement may be executed by facsimile signatures which shall be considered originals.

##### **Delivery of Flow; Maximum Allowable Flow Limit; Enforcement**

2.01 Maximum Allowable Flow Limit. Customer's Maximum Allowable Flow Limit shall be 423 CFS.

2.02 Delivery of Percentage of Flow. The City agrees to accept and Customer agrees to deliver no less than 70% of all Instantaneous Flow generated within Customer's Service Area and existing as of the date of the Detroit City Council's approval of this Contract.

2.03 Calculation of Charges. Customer shall pay the City for Services for Flow delivered into the System at such rates as the City may establish during its cost allocation and rate design processes, which rates shall be established in accordance with Article 20 of this Contract.

2.04 Enforcement of Maximum Allowable Flow Limit. The Parties acknowledge that Customer deviations over the Maximum Allowable Flow Limit may occur. If Customer has multiple incidents of Flow exceeding the Maximum Allowable Flow Limit which evidence a pattern of exceedances, as determined in the sole and reasonable discretion of the City, the City shall give written notice of such exceedances to Customer. Thereafter, the City and Customer shall meet and attempt to develop a plan for reducing or eliminating the exceedances. If, in the opinion of the City, the Parties are unable to agree on a plan, the City shall have the right to assert any available remedies for breach of contract.

2.05 Nothing in this Article 2 shall be construed to preclude Customer from constructing or operating wastewater facilities for the purpose of reducing or eliminating Customer Overflow Volume or

improving the operation of Customer's sewage system.

**2.06. Reopener.** The City acknowledges that the Clinton-Oakland Sewage Disposal System contract between Oakland County and certain cities, townships and villages (CVTs) located in Oakland County will expire in 2017 and that the CVTs may decide to terminate their relationship with Oakland County, divert flow or seek additional capacity that will result in the necessity of modifying or increasing the Maximum Allowable Flow Limit specified in 2.01 affecting the flow reserved for Oakland County's CVTs (i.e. 140 cfs based on DWSD Wastewater Master Plan). Accordingly, the City agrees that prior to 2017, and at any such later dates requested by Customer, Oakland County and/or Macomb County, the Maximum Allowable Flow Limit specified in Section 2.01 and delivery of Percentage of Flow specified in Section 2.02 shall be reopened for renegotiation. Customer, Oakland County and/or Macomb County shall notify the City of the desire to commence renegotiations not less than twenty-four (24) months prior to 2017 or twenty-four (24) months prior to any such later dates requested by Customer, Oakland County and/or Macomb County. The City and Customer agree to amend this Agreement to reflect the new Maximum Allowable Flow Limit. If Customer, Oakland County or Macomb County do not notify the City of the desire to renegotiate the Maximum Allowable Flow Limit, the Maximum Allowable Flow Limit specified in Section 2.01 shall continue in full force and effect. It is also understood that from time to time the DWSD Wastewater Master Plan may be updated which may necessitate modifications to the Maximum Allowable Flow Limits. The Parties reserve the right to reopen for negotiation at anytime the Maximum Allowable Flow Limit specified in 2.01 in the event that the DWSD "Wastewater Master Plan or other analysis acceptable to the Parties demonstrates modifications are warranted.

### **Article 3.**

#### **Meter Ownership, Maintenance, and Accuracy; Data Collection**

**3.01 Ownership and Maintenance Responsibility.** Customer's Flow shall be metered by one or more Meters and appurtenant equipment at the Northeast Pump Station (collectively, the "New Meters") which shall be owned and maintained by City. Until the New Meters are installed and operational, the City shall continue to maintain all Meters, data acquisition equipment, and meter pits previously in use (collectively, the "Previous Meter Facilities") and shall continue to use the same procedures for measuring flow and incorporating flow measurements into the sewer rate model.

In the event that Customer or Oakland County or Macomb County come to own one or more of the Previous Meter Facilities before the New Meters are operational, Customer shall provide all necessary access to the City to operate, maintain and read the Previous Meter Facilities and shall require as a condition of transfer of any of the Previous Meter Facilities to Oakland County or Macomb County that they provide all necessary access to the City to operate, maintain and read the Previous Meter Facilities.

**3.02 Meter Maintenance.** The City shall maintain its meters and associated data acquisition equipment in accordance with the GDRSS Phase IV Technical Memoranda 8, or subsequent modifications thereto. The City shall collect data from its meters in accordance with the Good Metering Practice specified in the GDRSS Phase IV Technical Memoranda 8, or subsequent modifications thereto. The City may contract for any such services.

**3.03 Meter Accuracy.** The City will ensure the accuracy of its Meters. Customer shall have the right to inspect the Meters and check for proper operation, including inspection of records. The City and the GDRSS Technical Work Group shall review the accuracy of the Meters on a regular basis and compare the findings to the then-best available technology. In the event that the accuracy of a Meter is found to be unsatisfactory, as determined by the GDRSS Technical Work Group and approved by the City, the City shall, as soon as practicable, repair, rehabilitate or replace the Meter.

**3.04** The costs of maintaining, repairing or improving the Previous Meter Facilities or New Meters shall be treated in the development of sewer rates consistent with the treatment of cost associated with other meters owned or operated by Detroit for billing Tier One Customers.

### **Article 4.**

#### **Service Area; Acceptance of Flow**

**4.01 Service Area.** The area for which the City agrees to provide Services shall be as shown in Exhibit A (the "Service Area"). Customer shall not deliver to the System any Flow originating in any area outside of the specified Service Area without the written consent of the City. A temporary delivery of Flow from outside the Service Area may be authorized by a memorandum of understanding between Customer and the City. A permanent change in the Service Area shall require amendment of this Contract.

**4.02 Acceptance of Flow.** The City will accept Flow from Customer, as limited by the terms of this Contract, at the point at which Interceptor PCI-5 crosses the boundary between the City of Warren and the City of Detroit. The City shall have no responsibility for operating and maintaining any portions of the wastewater collec-

tion system upstream of the point of connection. The City owns that part of Interceptor PCI-5 that is between the City of Warren/City of Detroit boundary and the Northeast Pump Station. The City and Customer have entered into a long-term operating agreement, set forth in Article 22, under which Customer is responsible for operating and maintaining PCI-5 within the City of Detroit. The City is responsible for operating and maintaining all other parts of its System downstream from Customer's wastewater collection system. Article 22 also sets for the manner in which the Northeast Pump Station will be operated and maintained to handle Customer's Flow.

4.03 Change in Service Area. The boundaries of the Service Area may be changed only by the express written agreement of the City and Customer and shall be embodied in an amendment to this Contract.

#### **Article 5.**

##### **Flow Measurement**

5.01 The GDRSS Technical Work Group shall make all reasonable efforts to use the best available information to establish Customer's estimated (1) sanitary flows, (2) dry weather infiltration and inflow, (3) wet weather inflow that reaches the WWTP, and (4) wet weather inflow that does not reach the WWTP.

5.02 Process. The GDRSS Technical Work Group shall decide on the type of analyses, and shall carry out analyses of Flow from Customer using Meter information and other relevant data. The results of such analyses shall be utilized by the City, in its sole and reasonable discretion, in its annual cost allocation and rate design processes and shall form the basis of billings for Customer.

5.03. The GDRSS Technical Work Group shall have the responsibility for reviewing the information it obtains pursuant to this Article 5 for the purpose of verifying that the information is acceptable from a technical basis. The City shall have the authority, in its sole and reasonable discretion, for determining how best to utilize the information analyzed by the GDRSS Technical Work Group.

#### **Article 6.**

##### **Flow Re-Allocation**

6.01 Flow Re-Allocation. Should Customer terminate or reduce its Flow into the System, whether at the end of this Contract's term, by mutual agreement, or due to a breach of this Contract by Customer, that portion of its Maximum Allowable Flow Limit so terminated or reduced shall be re-allocated at the discretion of the City for the benefit of the System. Flow re-allocation between First Tier Customers may occur only with the prior written approval of the City.

6.02 Responsibility for Capital Cost Recovery. If Customer reduces or termi-

nates its Flow into the System, Customer shall remain responsible for any remaining capital costs for facilities built to provide Customer its Maximum Allowable Flow Limit. In the event that Customer terminates its participation in the System, Customer shall either (1) pay in full all outstanding capital costs accumulated to the date of its termination of participation in the System, or (2) enter into a contract guaranteeing monthly payments to the City of the remaining capital costs, or (3) assign the responsibility for the remaining capital costs to the First Tier Customer to whom Customer has re-allocated its Flow (the "RAF Customer") provided that Customer shall remain ultimately responsible for the remaining capital costs in the event the RAF Customer fails to timely pay said capital costs.

#### **Article 7.**

##### **Contract Term; Renewal and Termination**

7.01 Term. The City shall provide Services to customer in accordance with the terms and conditions of this Contract for a period of thirty years from the effective date of this Contract and any ten-year renewal terms (collectively the "Contract Term"). The effective date of this Contract shall be the date that this Contract is approved by the Detroit City Council or Customer's legislative body whichever is later. This Contract replaces and supercedes any prior wastewater disposal services contracts between the Parties.

7.02 Renewal. This Contract shall automatically renew at the conclusion of the thirty-year term for an additional ten-year term, unless a Party provides written notification to the other Party in accordance with Article 16 on or before the conclusion of the twenty-fifth year of the thirty-year term stating its intent not to renew this Contract. Thereafter, this Contract shall automatically renew every ten years for an additional ten-year term, unless a Party provides written notification to the other Party in accordance with Article 16 on or before the conclusion of the fifth year of the then current ten-year term stating its intent not to renew this Contract. The automatic renewals of this Contract shall not preclude a review of its terms and the Parties are encouraged to reaffirm or amend its terms as necessary. The Parties may, in writing, mutually agree upon a longer renewal term.

7.03 Customer's obligations under Article 6, if any, shall survive the expiration or termination of this Contract and continue until such obligations are satisfied.

#### **Article 8.**

##### **Construction Standards**

8.01 Customer shall abide by the design specifications and construction standards as adopted by the City. DWSD shall form a Design Standards Committee. The Design Standards Committee

shall create a set of design standards and shall make a recommendation to the City regarding adoption of the design standards. Customer shall submit plans and specifications for new wastewater collection or transport facilities for review and approval to DWSD prior to the installation of such facilities. DWSD will review the plans and specifications and provide Customer with a determination as to its approval or disapproval of the plans and specifications. If Customer does not agree with the outcome of the DWSD review, Customer may request a review by the Design Standards Committee. The Design Standards Committee will be governed by the guidelines described in Exhibit C.

#### **Article 9.**

##### **Dispute Resolution**

9.01 Any and all claims alleging a breach of this Contract shall be submitted to the alternative dispute resolution process set forth in Exhibit E of this Contract.

#### **Article 10.**

##### **Payment for Services**

10.01 Bills for Services shall be rendered to Customer on a monthly basis. All such bills shall be due and payable not more than forty-five calendar days from the date shown on the bill. Any portion of the charges related to accuracy that is not paid by the due date shall be subject to a finance charge at a rate of 1.5% per month for each month that they remain unpaid. Any portion of the total bill, plus any finance charges applied to the bill which are not paid by the next billing date, shall be shown on the next bill as arrears. If the accuracy of a bill is in dispute, Customer shall place the disputed amount of the bill in an interest bearing escrow account maintained by a bank located in Michigan or a County Treasurer pending resolution of the dispute and the finance charge shall thereupon cease. Accrued interest on the escrow account shall be allocated between the Parties directly proportional with the resolution of the dispute. The cost, if any, of maintaining the escrow account shall be allocated between the Parties inversely proportional with the resolution of the dispute. Disputes related to rates for Services charged by the City are specifically excluded from the application of this Article 10. Claims for interest in any other billing dispute shall be resolved by the Director's Council or a court of competent jurisdiction.

#### **Article 11.**

##### **Emergency Situations**

11.01 No failure or delay in performance of this Contract, by either Party, shall be deemed to be a breach thereof when such failure or delay is caused by a force majeure event, including but not limited to, any Act of God, strikes, lockouts, wars, acts of terrorism, riots, epidemics,

explosions, sabotage, breakage or accident to machinery or lines of pipe, the binding order of any court or governmental authority, or any other cause, whether of the kind enumerated in this Article 11 or otherwise, not within the control of a Party, except that no cause or contingency shall relieve Customer of its obligation to make payment for Services provided by the City.

#### **Article 12.**

##### **Default Provisions**

12.01 In the event either Party commits a material breach of this Contract, the Party alleging the breach shall give written notice of the breach to the other Party within a reasonable time of discovering the breach. The Party in breach shall be given a reasonable time to cure the breach. If the Party in breach fails to cure the breach, the non-breaching Party may declare this Contract in default and pursue all available legal remedies, including termination of this Contract for cause.

#### **Article 13.**

##### **Assignment**

13.01 This Contract shall not be assigned, in whole or in part, by either Party without the prior written consent of the other Party. Consent to an assignment by either Party shall not be unreasonably withheld.

#### **Article 14.**

##### **Steering Committee**

14.01 Establishment. The Steering Committee is formed to facilitate a cooperative working partnership between the City, DWSD and First Tier Customers by facilitating discussion and development of recommendations regarding System operation, maintenance, rates, and best practices to DWSD and the City, and is based on the free flow of information regarding financial and operational functions. The Steering Committee shall maintain bylaws that govern the way it conducts its business. In the event of a conflict between the terms of the bylaws adopted by the Steering Committee and the terms of this Contract, the terms of this Contract shall control.

14.02 General Responsibilities. The Steering Committee shall periodically review and evaluate the rates, rate methodology, operation, and maintenance of the System. The Steering Committee shall have the opportunity each year to review the Capital Improvement Program as prepared by DWSD, prior to its adoption by the City.

14.03 Annual Report by City. The City will present an annual report to the Steering Committee that shall consist of (1) a general report on System operation and maintenance and (2) a report that lists those contracts for Services, if any, that have been entered into by the City and another customer(s) where the terms

of the contract(s) invoke the application of Article 21 of this Contract.

14.04 Annual Meeting and Report by Steering Committee. The Steering Committee will meet annually with and report to the Board. The Steering Committee may otherwise meet and communicate with the Board as the Steering Committee deems necessary.

14.05 Work Groups. The Steering Committee may create work groups to address specific issues facing the System. The work groups in existence as of January 1, 2009, are the Best Practices Work Group, the GDRSS Technical Work Group, the Public Information Work Group, the Rates Work Group, and the Wet Weather Work Group. Any reference to a particular work group in this Contract shall include its successor or replacement if altered or discontinued.

**Article 15.  
Amendment**

15.01 The Parties may from time to time consider it in their best interests to change, modify or extend a term, condition or covenant of this Contract. Any such change, addition, deletion, extension or modification, which is mutually agreed upon by the City and Customer shall be incorporated in written amendments to this Contract. Such amendments shall not invalidate this Contract nor relieve or release either Party of any of its respective obligations under this Contract unless so stated in the amendment.

15.02 No amendment to this Contract shall be effective and binding upon the parties unless it expressly makes reference to this Contract, is in writing, is signed and acknowledged by duly authorized representatives of both Parties, is approved by Customer's legislative body, and is approved by the Board and Detroit City Council.

**Article 16.

Industrial Waste Control Program**

17.01 Customer agrees to abide by the requirements of the industrial Waste Control Program as set forth in Exhibit D. To the extent that Exhibit D obligates Customer in the future to adopt any new or modified ordinance, rule, or regulation based upon a future amendment to the City of Detroit's Industrial Pretreatment Ordinance or any successor or similar ordinance, such amendment shall be consistent with the then-current rules and regulations of the United States Environmental Protection Agency (USEPA) and Michigan Department of Environmental Quality (MDEQ), but may be more stringent than USEPA and MDEQ rules and regulations.

**Article 18.  
Rights-of-Way**

18.01 The Customer shall assist the Board to obtain permission to use streets, highways, alleys, and/or easements in the local governmental units within the Customer's jurisdiction for the purpose of constructing, maintaining, and operating wastewater disposal facilities to adequately service the Customer's jurisdiction and other areas. This assistance shall include assisting with regard to obtaining the consent of the local governmental units, as provided in Article 7, Section 29, Michigan Constitution of 1963. In the event of such construction, the Board shall request the Customer and local governmental units within the Customer's jurisdiction to execute such separate instruments granting rights-of-way in its streets, highways, and alleys as may be reasonably required by the Board. The Board shall restore all existing structures and/or improvements laying in the right-of-way of construction to as good a condition as before the construction took place. Any such facilities constructed, maintained and operated under this section shall remain the property of the Board and shall not be operated or maintained by any entity other than the Board or its authorized representatives.

18.02 Relocation of Facilities. Should future construction by any federal, state or county agency require relocation of a wastewater interceptor, Meter or other City facility, the cost incurred by the City for such relocation, if not reimbursed by

the agency requiring the relocation, will be charged in future rates as a common-to-all cost to all System users for the relocation of a common-to-all facility, or as a customer-specific cost to a specific customer or customers for the relocation of a customer-specific facility.

18.03 Easements. Subject to the provisions of Section 18.01 and to the extent that Customer has jurisdiction, the City shall be granted temporary and permanent easements, and shall be permitted to use the streets, alleys and highways within Customer's legal jurisdiction for the purpose of constructing, operating and maintaining the System. This consent by Customer is given in compliance with Article 7, Section 29 of the Michigan Constitution of 1963, provided that the City shall provide Customer with a written explanation of the type of easement required and the duration thereof.

#### **Article 19.**

##### **Miscellaneous**

19.01 Enforceability. If any provision of this Contract or its application to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Contract shall not be affected and shall remain valid and enforceable to the fullest extent permitted by law.

19.02 Integration. Subject to Section 20.05, this Contract contains the entire agreement between the parties and all prior negotiations and agreements are merged into this Contract. Neither Party has made any representations except those expressly set forth in this Contract, and no rights or remedies are, or shall be, acquired by either party by implication or otherwise unless expressly set forth in this Contract.

19.03 Headings. The headings of the sections of this Contract are for convenience only and shall not be used to construe or interpret the scope or intent of this Contract or in any way affect the same.

19.04 Jurisdiction. The rights and remedies set forth in this Contract are not exclusive and are in addition to any of the rights or remedies provided by law or equity. This Contract and all actions arising under it shall be governed by, subject to, and construed according to the law of the State of Michigan. Each Party agrees, consents and submits to the exclusive personal jurisdiction of any state or federal court of competent jurisdiction in Michigan, for any action arising out of this Contract.

19.05 Execution of Contract. This Contract may be executed in any number of originals, any one of which shall be deemed an accurate representation of this Contract. Promptly after the execution of this Contract, the City shall provide a copy to the Customer.

19.06 Contract Beneficiaries. The

rights and benefits under this Contract shall inure to the benefit of and be binding upon the Parties, their agents, successors, and assigns.

19.07 Third Party Beneficiaries. Oakland County and Macomb County are intended third party beneficiaries of this Contract. Other than the two Counties, there are no third party beneficiaries to this Contract and this Contract shall not be construed to benefit any persons other than the City, Customer and the two Counties.

19.08 Oakland and Macomb County on behalf of the Clinton-Oakland Sewage Disposal System and the Macomb Wastewater Disposal District, respectively, shall have the status and rights of Tier I Customers, including but not limited to participation on the Sewer Steering Committee and all of its subcommittees and work groups.

19.09 Effective Date. This Contract shall become effective on the occurrence of both of the following: the transfer of the Oakland Macomb Interceptor to Customer and the transfer of the Macomb-Only Interceptors to Macomb County.

#### **Article 20.**

##### **Rates**

20.01 Rates. Customer agrees to pay for all Services supplied by the City at such rates as the City may establish. Rates shall be reasonable in relation to the costs incurred by the City for the provision of the Services. The City shall give written notice of any changes in the rates. Notice shall be made in accordance with Section 5e of Public Act 279 or 1909, Michigan Compiled Laws, Sec. 117.5e, as amended ("Act 279").

20.02 Notification of Rates. As soon as possible in the ratemaking process, the City shall provide information on proposed rates and the draft data and information used in the calculation of proposed rates in a format that will enable Customer to assist in the ratemaking process. Not less than thirty calendar days prior to the hearing required by Act 279, the City shall provide Customer with written notice of a proposed rate and the underlying data used to calculate the rate. The City shall meet with Customer to review the rate and the data. The City shall provide Customer, upon written request, a copy of the rate notebook containing the detailed tabulations supporting the establishment of the final rates for the next rate year and the look back adjustments.

20.03 Disclosure of Rate Information by Customer. Each year, Customer will disclose to its customers information related to its rates and other charges, and information regarding what portion of those costs is related to charges from DWSD and/or other major service providers.

20.04 Estimate of Usage. In the event

meters fail to correctly measure the quantity of wastewater transmitted by Customer for any period of time, the City shall provide a reasonable estimate of the quantity of wastewater generated by customer for such period provided that there is a reasonable basis for the estimate. Customer and the City shall, either through their respective technical representatives, the GDRSS Technical Work Group and/or Steering Committee, seek agreement upon a method to estimate such quantities. In the event the Parties are unable to agree upon a method to estimate such quantities, the City's determination of a method shall be conclusive and the Customer agrees to accept the estimate established by the City.

20.05. The Parties acknowledge that certain provisions of certain prior rate settlement agreements and consent judgments, as described in Exhibit F, are in effect as of the effective date of this Contract. It is not the intent of this Contract to contradict or nullify the provisions of any court approved settlements, and court approved settlements shall continue in full force and effect to the extent they have not been otherwise fully performed, amended, or superceded. Nothing in this Contract shall prohibit a Party from requesting that a court modify or terminate the provisions of a settlement agreement or consent judgment and any modification or termination granted by the court shall not require the amendment of this Contract.

20.06 The City recognizes that Customer's allocation or rates and charges to its customers may vary depending upon the nature, location and purpose of the particular project carried out by the City. Accordingly, when requested by Customer in writing, the City shall provide reasonable information to assist Customer in the accounting of expenses for a specified project.

#### **Article 21.**

##### **Ensuring Equality of Contract Terms**

21.01 If the City enters into any contract, and any amendments thereto, with a wastewater disposal services customer other than Customer, and the material terms of such other contract are more favorable than the material terms of Customer's Contract, Customer may elect to adopt all of such other material terms. However, if Customer exercises the option provided for in this Article 21, Customer must accept all material terms of the other contract in their entirety and may not select among various terms contained in multiple other contracts by, for example, selecting the Contract Term from one contract and the Rates provision of another contract. The terms and conditions of Exhibit A of this Contract are specifically excluded from the application of this Article 21.

#### **Article 22.**

##### **Operation of Northeast Pump Station and Interceptor PCI-5**

22.01 Maintenance of Interceptor PCI-5. Customer shall operate, maintain, repair and improve Interceptor PCI-5 from a point immediately northward from the screens in the pump station wet well at its own expense. Customer shall develop a maintenance plan for the section of PCI-5 within the City, subject to City approval. City shall have the right to approve the design and specifications for repairs and improvements and the qualifications and selection of any contractors to perform that work, which approval shall not be unreasonably withheld.

22.02 Northeast Pump Station Costs and Accounting. Customer shall be responsible for payment of all costs arising out of or related to the operation, maintenance, improvement and repair the Northeast Pump Station. City will establish separate accounts for the Northeast Pump Station to which all costs will be charged by employees for in-house labor, parts and equipment and for contractual services. In the event the City determines that it is more cost effective to allocate certain labor functions or establish a flat monthly charge rather than directly account for them, it may do so with Customer's prior consent, which consent shall not be unreasonably withheld so long as City has provided an acceptable cost allocation justification for the proposed allocation or flat charge. Any allocation or flat charge will be subject to periodic review and adjustment at intervals not greater than five years. City will maintain supporting records for all Northeast Pump Station charges for 12 months after the Look Back for the relevant financial year has been completed and the associated detailed rate notebook has been made available to Customer. Supporting records will be available for Customer review upon written request. City will invoice Customer directly for the cost of operating, maintaining, improving and repairing the Northeast Pump Station on a quarterly basis. These costs will not be recovered through the rates.

22.03 Power to the Northeast Pump Station will be separately metered and charged to the pump station, unless the parties agree that it is to their mutual benefit to take power for both the pump station and water plant at a common meter, in which case, power to the pump station will be submetered. Customer will receive a copy of meter readings and utility invoices upon written request. There will be no markup by the City on the cost of electricity consumed at the Northeast Pump Station.

22.04 DWSD labor will be charged at established labor contract rates for the employee performing pump station opera-

tions, plus DWSD's usual labor overhead costs for benefits and taxes. All indirect and overhead costs charged to the Northeast Pump Station shall be consistent with indirect and overhead cost procedures applied to the rest of the City's sewerage system.

22.05 Northeast Pump Station Pumping Capacity. The Northeast Pump Station presently has total pump capacity of 550 CFS and firm capacity (largest pump removed) of 400 CFS. City agrees to maintain the pump station pumping capacity at a level sufficient to handle Customer's Maximum Allowable Flow Limit during the life of this Contract. In the event Customer determines that additional pumping capacity is required and makes a written request to the City to increase firm pumping capacity, City shall reasonably consider undertaking improvements as needed to increase pumping capacity as requested by Customer or as otherwise agreed upon by the Parties at the sole cost of Customer. Customer shall have the option, at its sole discretion, to finance such improvements and the City may require that customer finance such improvements.

22.06 Northeast Pump Station Operating Protocols. The pump station will always be operated to provide instantaneous pumping rates as required to handle flow up to the Customer's Maximum Allowable Flow Limit. DWSD will endeavor to maintain upper wet well levels at or below an elevation of 532.00 Mean Sea Level so that storage capacity on the Edison Corridor beyond that associated with wet well levels at that elevation will not be utilized in wet weather events or other events without advance written authorization from OMI, or unless conditions warrant to protect public health, safety, welfare or the environment or the integrity of the System. Customer shall have the right to receive SCADA data on the Northeast Pump Station via a web application and will bear any costs of obtaining/accessing the SCADA data. Copies of all operating records not available through the web application will be provided to Customer upon written request. Customer shall have reasonable access to all Northeast Pump Station operating records at all reasonable times, subject to reasonable advance written notice.

22.07 Customer and City will develop a communication and coordination procedure for operation of control gates in the Customer's system and for any temporary shutdown of equipment affecting pumping capacity or control at the Northeast Pump Station for repairs, etc. City and Customer will list appropriate contacts from the other on their emergency notification lists.

22.08 Rehabilitation, Repairs and Improvements. In 2010 and at five-year intervals thereafter, the City will undertake an asset condition assessment of the

Northeast Pump Station performed by an outside engineering firm acceptable to Customer. The draft and final asset condition assessment report shall be provided to Customer. Based on the findings of that report, City shall develop and provide Customer a copy of a plan for undertaking rehabilitation, repairs and improvements ("Rehabilitation Plan"). City shall reasonably consider any comments Customer may have on the Rehabilitation Plan. Customer shall have the option, in its sole discretion, to finance such rehabilitation, repairs and improvements the City undertakes pursuant to the Remediation Plan. City shall undertake, at a time and schedule satisfactory to the City, in its sole discretion, any additional rehabilitation, repair or improvement work, beyond that provided for in the Rehabilitation Plan, requested by Customer so long as Customer agrees to pay all costs associated therewith. City will undertake no rehabilitation, repairs, or improvements with an expected cost of \$250,000 or more without prior Customer consultation, review and opportunity to comment or object, except in the case of an emergency or as required by state or federal regulatory authorities.

22.09 For all repair and improvement work performed on the Northeast Pump Station, City shall confer with Customer and provide Customer the opportunity to comment on and to object, if appropriate, with regard to i) the development of plans and specifications and other bid conditions, ii) the identification of candidate engineers and contractors, and iii) the development and approval of change orders greater than \$100,000 or 10% of the bid amount. City shall reasonably consider customer's comments and objections on any of the foregoing matters.

**In Witness Whereof,** the City and Customer, by and through their duly authorized officers and representatives, have executed this Contract.

**EXHIBIT D**

**Industrial Waste Control Program**

I. The Customer agrees that it shall adopt and enforce, and shall cause each of the local governmental units within its jurisdiction for sewage treatment and disposal service as provided by the Board to adopt and enforce, rules and regulations to implement and maintain a revenue system whereby, as a minimum, the operation, maintenance and replacement portion of the Board's rates are distributed proportionately to each user or user class that is tributary to the Board's treatment works. In particular, these rules and regulations shall provide that surcharges established by the Board for the recovery of incremental operation, maintenance and replacement costs of treating extraordinary concentration of sewage, shall be billed to and collected from individual firms as identified by the Board in its billings. These rules and regulations shall conform to Section 204(b)(1)(A) of Public Law 92-500, as amended, and regulations of the United States Environmental Protection Agency (hereinafter referred to as the U.S. EPA), being 40 CFR 35.929through 35.929-3, and shall achieve a proportionate User Charge System which is effective throughout the Board's service area. The rules and regulations shall provide for monitoring of commercial, governmental and industrial users and shall be consistent with the monitoring rules and regulations of the City of Detroit. The Board shall have the

right under said rules and regulations to audit all monitoring activities including the right to perform monitoring tests itself to verify the accuracy of monitoring results.

II. The Customer agrees that it shall adopt and enforce, and shall cause each of the local governmental units within its jurisdiction for sewage treatment and disposal service as provided by the Board to adopt and enforce, rules and regulations pertaining to the use, design and construction of sewers, and the discharge of industrial or commercial wastes into sewers, where such sewers are tributary to the Board's treatment works. Such rules and regulations shall be consistent with and at least as stringent as all applicable provisions of the pertinent ordinances adopted by the City of Detroit, these being the 1979 amendments to Chapter 56, Article 1, and Chapter 56, Article 6, of the Municipal Code of the City of Detroit as they may be adopted and amended from time to time. In the event any municipality or other governmental unit shall fail to adopt an ordinance as required herein, or shall fail to diligently enforce the same, the Board shall take appropriate action which may include suit in an appropriate court of general jurisdiction alleging such municipality's failure to adopt or enforce an ordinance, and following a hearing on the merits, should the court find that the allegations in the Board's petition are true, it is agreed that such court may, in such instance, grant appropriate injunctive relief against said municipality or any individual discharger there; terminate the municipality's contractual right to discharge waste waters into the Board's system and/or to grant the Board such other relief as may be appropriate under the circumstances. These actions shall enable the Board to:

A. Deny or condition new or increased contributions of pollutants or changes in the nature of pollutants, to the waste collection system by Industrial and Commercial Users. The terms "Industrial and Commercial" user shall mean those users defined in Section 56-6-3(H) and (P) of Detroit Ordinance No. 353-H of Chapter 56 of Article 6 passed on November 7, 1979 and as may be amended from time to time.

B. Require compliance with applicable current and future National Pretreatment Standards and other more restrictive requirements as may be imposed by the Board promulgated by the U.S. EPA under

the Federal Water Pollution Control Act, 33 U.S.C. 1251 et seq.

C. Control, through permit, contract order, or similar means, the contribution to the waste collection system by Industrial and Commercial Users to ensure compliance with paragraph B above.

D. Require the development of compliance schedules by Industrial and Commercial Users for the installation and facilities required to meet applicable National Pretreatment Standards and other more restrictive requirements as may be imposed by the Board.

E. Require the submission of notices and self-monitoring reports from Industrial and Commercial Users to assess and assure compliance with National Pretreatment Standards and other more restrictive requirements as may be imposed by the Board.

F. Carry out all inspection, surveillance and monitoring procedures necessary to determine, independent of information supplied by Industrial and Commercial Users, compliance or noncompliance with applicable National Pretreatment Standards and other more restrictive requirements as may be imposed by the Board. It being further understood that the Board may contract with qualified parties to carry out the inspection, surveillance and monitoring procedures for this paragraph.

G. Seek injunctive relief for noncompliance with National Pretreatment Standards and other more restrictive requirements as may be imposed by the Board.

H. Require Industrial and Commercial Users to install containment facilities to protect the treatment works from accidental spills of critical or hazardous materials.

And the Council then adjourned.

## Invocation

Today we pray for our nation and our city. I ask that You would give this body wisdom beyond their own understanding and the courage to chose the right path no matter how narrow the gate. We pray for all elected authority over us that You would give them the grace and strength to stand against the temptation to use power as a weapon but rather to carry it reverently as one would a child. We pray for these leaders of our city that they would hear Your voice and know Your heart. We pray that they would lead from their knees and by that simple grace bring each one of us to our knees before Your throne. Have mercy on us O Lord in our time of need.

Finally O Lord God, as we survey the stormy economic seas troubling our nation and our city, troubling all of, our families, our friends, our community, we ask Lord that we may steady ourselves in these winds of change, by reaching out to You, being stronger servants. O Lord God, You banished Adam from the garden for disobedience. You told him to work with the scare resources of the earth. We ask Lord that we may learn to manage our resources more wisely, by reaching out to You, being wiser stewards. O Lord God, You told the rich young ruler to give everything up and follow, You understand the material walls we build to shut You out, I ask Lord that we may constantly seek to break down these walls, by reaching out to You, being better disciples. O Lord God, You provide all that we need to live a life fulfilled, You never abandon us even when we are selfish and foolish, I ask Lord that we may see the wealth we have in You, by reaching out, being dependent only on You. O Lord God, please sustain Your faithful people through good times and bad, You know when we fail and when we

are faithful to Your will, I ask Lord that we may show the Gospel in the midst of economic confusion, and that we realize that behind every blessing is a lesson.

In closing we thank You for enbalanced budgets, more people than jobs, life changing that have to be made we pray this morning that hook us up. Fix us up, get us up and pray us up that we will give Your name the praise, the glory it so richly deserves.

In Jesus name, we pray!

**EMERGENCY RESOLUTION IN  
OPPOSITION TO ENDING SATURDAY  
EVENING AND SUNDAY BUS  
SERVICE BY DDOT, AND IN SUPPORT  
OF PROVIDING ADEQUATE BUS  
SERVICE TO MEET THE NEEDS OF  
ALL DETROIT RESIDENTS,  
INCLUDING THE DISABLED, ELDERLY  
AND YOUTH AT ALL TIMES  
THROUGHOUT THE WEEK**

By COUNCIL MEMBER WATSON,  
Joined by COUNCIL MEMBERS  
COLLINS, JONES, KENYATTA,  
REEVES, TINSLEY-TALABI, and  
COUNCIL PRESIDENT K. COCKREL,  
JR.:

WHEREAS, Many residents of the City of Detroit lack access to a private automobile and are dependent on bus transportation for their activities of daily living; and

WHEREAS, The disabled, elderly and youth are particularly dependent on buses for necessary transportation on a daily basis to jobs, medical care, worship and other essential social needs and services; and

WHEREAS, The City Charter's Declaration of Rights specifically and expressly states that "The people have a right to expect city government to provide for its residents... reliable, convenient and comfortable transportation;" and

WHEREAS, DDOT provides transit service to over 100,000 persons every day, including weekends, within the Cities of Detroit, Dearborn, Hamtramck, and Highland Park, while demand for public transit service continues to increase every year, and the need for a viable rapid transit system that connects neighborhoods, businesses, major destinations and new development is becoming more and more evident; and

WHEREAS, The City of Detroit currently lacks such a comprehensive mass transit system, including light rail or subways, leaving only the bus systems run by the Detroit Department of Transportation (DDOT), and to a limited extent the bus services provided by the Southeastern Michigan Regional Transit (SMART) system; and

WHEREAS, In the face of a severe projected budget deficit, the Mayor and his administration recently announced the draconian step of canceling all DDOT weekend bus service between Saturday evening and Monday morning, every weekend; and

WHEREAS, At a special City Council discussion of this issue on Tuesday, August 25, 2009, the Mayor's representatives, including the City's Chief Administrative Officer, stated that the reason for these service cuts was the layoff of 113 bus drivers, who are lowest-seniority employees, and who drive the buses on the weekends, without explicitly acknowledging the possible preferred

option of rescheduling more senior and retained drivers to drive the buses on the weekends; and

WHEREAS, Neither at the above-referenced special City Council discussion, nor at any other time, has the Mayor or the administration provided adequate data, or any articulated rationale to support its apparently precipitous and ill-considered decision to totally eliminate all DDOT bus service for a period of approximately 36 hours or more every single weekend; and

WHEREAS, Such draconian cuts in bus services, if actually implemented, would manifestly not be in the best interests of the City of Detroit or its people, and indeed would pose a severe and immediate danger to the public health and welfare; and

WHEREAS, The City Charter, Article 7, Chapter 14, requires DDOT, under the control and direction of the Mayor, to own, maintain, and operate a public transportation system for the benefit of the people of the City of Detroit; and

WHEREAS, There are readily available alternatives to these ill-advised, draconian weekend service cuts, including other, more selective reductions in service, and rescheduling retained drivers to cover the weekend routes, as well as other specific and selective service modifications, that are data-driven and supported by adequate and careful analysis of the needs of the transit system, as well as those of the people of the City of Detroit; and

WHEREAS, The City Council requests that any service reduction or cuts to Saturday evening and Sunday bus service be done only after the conduct and presentation to City Council of a ridership survey on any or all affected routes, as well as an analysis determining the number of riders affected. This analysis should also include an examination of establishing a partnership with SMART to service affected riders on radial routes and the possibility of increasing fare box revenues through a service increase to support the retention of services, NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strenuously and adamantly opposes the total cancellation of weekend DDOT bus service between Saturday evening and Monday morning every weekend, and seeks to work actively with the Mayor and the administration on alternative measures to reduce the City's deficit, and to provide necessary services to the City's people, including transportation services.

Adopted as follows:

Yeas — Council Members Collins, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 7.

Nays — Council Member S. Cockrel — 1.

**Virginia Shelton, Representative of United Generations Council Theatrical Troop,** which is a group of young people against drugs, alcohol, and tobacco. In addition City Planning Commission held a meeting relative to this matter and they're presently working on the matter for resolve. Council Member Kwame Kenyatta agreed with President K. Cockrel, Jr. on the position of a moratorium and opposed said development. President Pro Tem JoAnn Watson questioned the authenticity of the application; application states solid materials but testimony proved at some point that solid materials would become liquid, therefore matter was referred to Research and Analysis Division for recommendation.

**Audrey Hampton, 48217 Community**, opposed pollutants in her community. Ms. Hampton made a request to City Council to stop the development of manufacturers coming into the 48217 community and to stop issuing tax breaks to companies who put people health at risk. In addition, Ms. Hampton thanked Council Member Jones for attending meetings held in their community.

**Jessica Smith, on behalf of State Representative Rashida Tlaib**, read

statement relative to Great Lakes Asphalt Petroleum requesting City Council to support community by placing a moratorium on any new industry constructing, or current industry implementing new projects in the area until adequate studies are completed. Copy on file in the Office of the City Clerk.

**Theresa Landrum, 48217 Community**, stated that Southwest Detroit houses twenty-seven (27) large polluting industries and the community host thirteen (13) of the largest polluting companies in the State of Michigan. Ms. Landrum submitted packets to City Council affirming that they hired independent companies to teach the community about contamination, and the community attended a workshop whereas samples were placed in a bucket and high-level pollutants were found which is very detrimental to human life. In addition, Ms. Landrum read a letter submitted by Ms. Jane Mount, resident of 48217 area and creator of said packet.

**Otis Mathis** thanked President Pro Tem JoAnn Watson, Council Member Jones, and representative for Council Member Kenyatta for attending the community meeting. Mr. Mathis stated that if you ride down Michigan Avenue to the Detroit River, you'll find that the pollutants are stationed at one end of southwest Detroit. Mr. Mathis is also the executive director of Citizens With Challenges and they were selected by the Federal Government for the EPA and CDC out of Atlanta in which they're doing a study to build a healthy community at 48217. On October 27, 2009 there will be a Health Fair at St. Angel and Benedict, Citizens With Challenges will be held October 29, 2009 at the office on Fort Street & Jefferson to train people how to test soil.

**Almita Pratt, 48217 Community**, stated that she has witnessed more illnesses in the community, therefore she's questioning City Council on why they're signing permits for construction of companies that emit pollutants which is detrimental to their health. President Pro Tem Watson stated that City Council does not issue permits, they vote on agreements; some people vote no on contaminants.

**Council Member Alberta Tinsley-Talabi** gave full support to 48217 Community in their mission to stop manufacturers from polluting their community.

**Deborah Chenault-Green, Associate Producer of Rolling On**, which is a reality show developed in Detroit, is about the transformation of displaced workers in our area. Ms. Chenault-Green stated that they're transforming workers that have been laid off or displaced. The reality show actually film workers learning how to become film, movie and commercial crews here in the City of Detroit. In addition, a request was made for funding. Council Member Kwame Kenyatta referred matter to the Detroit Entertainment Commission.

**Norman Thrasher of Environmental Technical Control** expressed concerns relative to solicitation of building bus shelters for the City of Detroit that was discussed yesterday in the Public Health and Safety Standing Committee. He stated their company had discussions at the table with Mr. Norman White and City Council within the last four (4) years and they've submitted information pertaining to delivering bus shelters to the City of Detroit, free of charge. He also mentioned that he has a temporary contract that the Department of Transportation issued two years ago that is not completed; need signature. President Pro Tem Joann Watson agreed with Mr. Thrasher stating that there should not be a postponement of contract. **President Kenneth V. Cockrel, Jr. referred matter to Public Health and Safety Standing Committee.**

**Sandra Turner-Handy, Concerned Citizen**, expressed concerns about Mayor Bing's speech relative to the possibility of releasing \$27 million held in escrow by DTE in relation to the solid waste facility. Ms. Turner-Handy informed City Council that the \$27 million dollars should be used to purchase the incinerator so that the city would have control over their operations. Ms. Turner-Handy requested City Council to support the opposition of this purchase along with a new business model. **President Pro Tem JoAnn Watson opposed the request to purchase GDRRA and asked Research and Analysis Division to investigate the adopted new model for handling waste stating that the incinerator lease must end June 30th and that recycling must begin July 1st.** Research and Analysis Division stated that there will be a tentative **closed session** on September 23, 2009 at 3:00 p.m. to discuss this very complicated issue.

**Larry Wiggins, President of Environment and Technical control**, addressed City Council about proposals that were presented to DDOT and City Council relative to bus stop amenities and related services to the City of Detroit for no cost; which included furniture and

operating cost for bus shelters. Mr. Wiggins stated the contract will provide for five thousand (5000) bus stop signs, three thousand (3000) transit information signs, three thousand (3000) bus stop benches, two thousand (2000) trash receptacles, and (30) public information kiosks. It was concluded by Mr. Norman White that this proposal would be put in a Phase stage. Yesterday, DDOT decided they wanted to buy sixteen (16) bus shelters and we said we would provide these shelters free of charge.

**Jonathan Kinlock, Concerned Citizen**, addressed City Council about his concerns about the City of Detroit Law Department, Mr. Kinlock stated that the citizens of Detroit signed a petition in a timely fashion calling for an amendment to be placed before the voters amending the charter to provide for council members to be elected by districts. The discussion or thoughts of discussing whether or not you support this issue or not remains that this opinion is basically advising this Honorable Body that these petitioners did not comply with the Home Rule Cities Act which would allow for this amendment to be placed on the ballot. I just wanted to say that the opinion does not have a place before this Honorable Body. The individuals who could state any claim as it relates to the rule of law on any issues, as it related to petitions that are filed to amend the city charter, is the Atty. General and the Governor. In that opinion, the Atty. General of the State of Michigan has indicated that they were in compliance and they did raise one concern as it relates to a caption which would be removed by this Honorable Body and this Honorable Body is empowered today to put the question of the *shall* version of the question before the voters in November. This opinion of whether or not it's a revision, they can advise City Council, but as it relates to this initial petition, only the Atty. General opinion matters in this case.

**Vince Keenan, Concerned Citizen**, asked City Council if he could provide public comment after the discussion relative to Detroiters for City Council by districts.

**Nadine Miller, Concerned Parent** addressed City Council in hopes of getting support relative to Petition of Nadine Miller (#3823), for "Cancer Walk", September 26, 2009; route begins at Stoepel Park and includes Outer Drive/Evergreen and Outer Drive/Southfield. Ms. Miller's son, Carlos Miller, was diagnosed with brain cancer two years ago and died January 9, 2009. Her mission is to gain support and inform the public that the month of September is **National Childhood Cancer Awareness Month**

and a **yellow** ribbon is the symbol for childhood cancer.

**Council Member Tinsley-Talabi** read statement relative to possible foreclosure of Ms. Velma Davis home. As a result, Council Member Tinsley-Talabi, joined by the Detroit City Council is respectfully asking Wells Fargo and Oxland (owners of Ms. Davis mortgage) to act responsively and fairly when reviewing her case and for both companies to comply with President Obama's Home Affordable Modification Program to modify her loan.

July 6, 2009

Honorable City Council:

Re: Request for Authorization to Accept and Oversee Installation of a Sculpture to be Placed in Rouge Park at Rouge Park Drive and Spinoza in Detroit, MI.

The Detroit Recreation Department is pleased to inform your Honorable Body that it has been offered the gift of a stone sculpture, by lead artist and College for Creative Studies (CCS) student, Mr. Larry Halbert. This gift is a part of the college's Community Public Art Project, through which students are creating artistic pieces for installation in City parks. It is completely funded by The Skillman Foundation, with no financial support required by the City of Detroit.

The creation and installation of the project would be assisted by an art students' group from Cody High School, under the direction of their teacher Zenobia Johnson. The 8-10 students would be involved in both the creation of the sculpture and the landscaped setting into which it will be placed. "Emerging artist" Shamlord Kaza "Yao" will also participate in all aspects of the project. He is currently studying stone sculpture at Wayne State University. The project will be documented photographically and via a chronological journal by artist Larry Halbert.

Titled "Growing Together," the artist describes the work as follows:

**Growing Together** is a large scale stone sculpture to be installed in Rouge Park in a landscaped environment that creates a setting for community celebration. Depending on final block selection the sculpture's dimensions will be 3' x 4.5' x 8' (min.). The selected site is the Northeast corner of Rouge Park Dr. and Spinoza. It is a beautiful open area that gently rises to a crescent of mature trees, creating a natural backdrop. The site also provides ample parking for community

events. The setting will also be a place of personal enjoyment for individuals and small groups. I have worked closely with my community and have deep support for the concept and physical qualities for this public art project."

As a gift, the ownership rights to the sculpture will be transferred entirely to the city. Any rights to the sculpture, by the artists, or their descendants will be transferred in their entirety to the City of Detroit.

We respectfully request your authorization to accept and install the **Growing Together** sculpture, with a Waiver of Reconsideration.

Sincerely,  
ALICIA C. MINTER  
Deputy Director  
Recreation Department

By Council Member Watson:

Re: Request of Power of Green Living LLC to rezone 4842 Rosa Parks Blvd. from an R2 (Two-Family Residential District) zoning classification and 4902 and 4906 Rosa Parks and 1777, 1783, and 1789 West Warren from a B4 (General Business District) zoning classification to a PD (Planned Development) zoning classification to allow for the construction of a 17-unit multiple-family residential development with off-street parking (RECOMMEND APPROVAL).

### Request

Power of Green Living LLC submitted a request to amend Article XVII, District Map 5 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD (Planned Development District) zoning classification at 4902 and 4906 Rosa Parks Boulevard and at 1777, 1783, and 1789 West Warren where a B4 (General Business District) zoning classifications are currently shown and to show a PD zoning classification at 4842 Rosa Parks Blvd. where an R2 (Two-Family Residential District) zoning classification is currently shown. The property is generally located at the southeast corner of Rosa Parks Blvd. and West Warren Avenue, bounded by W. Warren on the north, Rosa Parks Blvd. on the west, the eastern lot line of 1777 W. Warren on the east, and the southern lot line of 4842 Rosa Parks on the south.

### Proposal

The Power of Green Housing LLC is the project developer. Exceptional Green Living is the name of the project on Rosa Parks that will be a 17-unit condominium complex of four stories with third floor units having two levels. Units will have one, two or three bedrooms ranging in size from 850 to over 1900 square feet. The developer will utilize unused shipping containers as the basis for this sustainable green housing project and has investigated radiant floor heating, tank-less water heaters and a high tech ceramic isolative paint additive as some of the energy efficient features for this development. In addition, the project anticipates using eco-friendly bamboo flooring, energy star rated appliances and to recycle or reuse throughout the project. The total investment is estimated at \$3,300,000.

### Analysis

Upon review of the rezoning proposal and its subsequent need for a change to the Woodbridge Modified Development Plan, City Planning Commission (CPC) staff reviewed concerns expressed by your Honorable Body and others. Specific issues raised are as follows:

- The primary concern was the design and the compatibility of the “steel contain-

er look,” and with its possible negative effect on the surrounding community. After several discussions the developer agreed to a softer façade look which gives the project a more blended modern architectural look.

- Another concern, which is related to the first, was the acceptability of the site in what is a historic district with primarily single-family housing in closest proximity to the proposed project. Again, with additional landscaping added to the project, as well as the significant change to the façade, primarily on the west and north frontage, many initial concerns were addressed.

- A third concern was the need to get community input on the project and ascertain their issues regarding the project's impact on the community. After several meetings, both held by the developer and the Planning and Development Department, including two Woodbridge Citizens' District Council meetings where the plan changes were approved by the Citizens' District Council, there seems to be little opposition to the project.

While there may still continue to be some “hesitation” regarding the project facilitated by this proposed amendment and the project's unique nature, as well as its long term impact on the surrounding residential community, the developer has been responsive and has made significant change to the project from its original design. CPC staff believes these changes will mitigate any significant issues.

### Public Hearing Results

Several residents showed up at the July 9, 2009 CPC public hearing with two persons in opposition to the proposed rezoning. The two residents, who spoke in opposition, felt the proposal would have the detrimental effect mentioned in our analysis. However, all other comments were in support, as well as two additional letters received after the public hearing. One business owner had concerns that his property was a part of the redevelopment, but that concern has been addressed to clarify that his property is not involved.

### Master Plan

The subject site is located within the Jeffries Subsector of the Sector Four of the Detroit Master Plan of Policies. The property to be rezoned consists of six (6) vacant parcels, some City-owned. The proposed rezoning from B4 and R2 to PD would not create any non-conforming uses and would be consistent with the Master Plan. The recommended future General land use map indicates medium density residential for the subject area.

### Conclusion

A number of meetings have been held with various stakeholders, city departments, Council staff, and the Mayor's office, to both protect the character of the Historic Woodbridge Neighborhood, as

well as not to force the alternative and unique design of the project to be sacrificed. However, most discussions led to the need for the modifications made by the developer to soften the harshness of the steel containers, increasing the landscaping to mitigate any significant negative impact. Additionally, the fact that the project faces Rosa Parks Blvd. and West Warren, and is on the outer edge of the Historic District will also help to minimize or alleviate any negative impact.

#### **Recommendation**

Based on the CPC staff analysis of existing land uses in the area and the compatibility of the proposed rezoning with the Master Plan of Policies, and consistent with the approval criteria of Sec. 61-3-80 of the Zoning Ordinance, the City Planning Commission voted to recommend approval of the proposed rezoning at its meeting of August 6, 2009 conditioned upon the submittal of final site plans, elevations, landscaping, lighting and signage plans to CPC staff prior to the developer submitting applications for applicable permits. The ordinance is being approved as to form by the Law Department and will be ready for introduction and scheduling of a public hearing after consideration by the Planning and Economic Development Standing Committee.

**Brownfield Redevelopment Authority**

August 27, 2009

Honorable City Council:

Re: Scotten Park Brownfield Redevelopment.

The enclosed Brownfield Plan for the Scotten Park Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on August 4, 2009 to solicit public comments. At its July 23, 2009 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On August 13, 2009, the Authority adopted a resolution (Exhibit B on file in the City Clerk's Office) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Scotten Park LDHA, LP is the project developer ("Developer"). The Plan includes 64 parcels and entails the construction of approximately 50 new units of rental housing and the rehabilitation of two existing structures into 9 rental housing units. This is the second phase of an infill housing project.

Total investment for the project is estimated at \$8,100,000. The Developer is requesting a 12.5% Michigan Business Tax (MBT) credit of \$982,949 on an eligible investment of \$7,863,595.

Property Subject to the Plan

The Property comprising the Plan consists of 64 parcels located in southwest Detroit bounded by Toledo Street to the north, 16th Street to the east, Fort Street to the south and Ferdinand Street to the west.

Basis of Eligibility

The Property is considered to be "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be blighted as defined by Act 381. The City of Detroit Planning Commission has initially determined that the Property qualifies as "blighted" under the definition in Act 381. The Detroit City Council will make a final determination upon approval of the Plan.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include Environmental Site Assessment activities and site preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the spring of 2010 and eligible activities will be completed within two (2) years.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

Other Development Incentives

The property included in this Plan expects to receive additional project support through the Low Income Housing Tax Credits (LIHTC), HOME funds, and Payment in Lieu of Taxes (PILOT).

Comments Received

The Committee's communication to the City Council and the Authority, dated July 23, 2009 (Exhibit C on file in the City Clerk's Office), recommending approval of the Plan including the minutes of the public hearing held by the Authority on August 4, 2009 are enclosed for the City Council's consideration.

Honorable City Council:  
Re: Request to extend "the adjacent residential vacant lot program".

The Planning and Development Department has been selling adjacent residential vacant lots through the "Adjacent Vacant Lot Program" for the last three years in our efforts to prevent Illegal Dumping and beautify neighborhoods. Since the program's inception, the department has successfully sold 761 residential vacant lots to adjacent homeowners.

The program expired on June 30, 2009 and the department would like to request an extension of the Adjacent Vacant Lot Program through the 2009-2010 fiscal year. The same guidelines to purchase residential vacant lots remains as follows:

Eligible property must fall within the following guidelines:

- City-Owned residential lots that are not located in any designated project areas
- Lots adjacent to residential structures
- Lots will be sold on a "Cash As-Is" basis

• Sales price of each vacant lot is \$200.00 with the lot size not to exceed 45 feet front footage

Eligible guidelines for purchaser are as follows:

- Purchasers will be required to provide proof of paid property taxes and proof of adjacent ownership
- Purchaser(s) to landscape and maintain the vacant lots to enhance the adjacent property
- Split lot sale will occur in the event two adjacent homeowners are interested in the same lot (\$100.00 per each half-lot)

Our Department has continued to make improvements in the processing of this program, by merging all of our Real Estate operations into one unit and utilizing low-cost marketing campaigns to increase the visibility of this opportunity for Detroit homeowners to buy and beautify adjacent residential vacant lots in their neighborhoods.

We, therefore, request your Honorable Body's approval to authorize the Planning and Development Department Director or his authorized designee to accept Offer(s) to purchase for adjacent residential vacant lots for the sales price of \$200.00 per lot, plus the deed recording fee, with the lot size not to exceed 45 feet front footage on a "Cash-As Is" basis and to issue Quit Claim Deeds to the purchaser(s), in accordance with the conditions set forth in the Offer to Purchase with the Deeds to include an attachment clause.

Re: Departmental Report and Recommendation. Petition No. 3332 — Evolution Restaurant & Lounge, requesting outdoor café permit for 1314 Broadway from April, 2009 through November, 2009.

The Planning and Development Department (P&DD) is hereby responding to the memorandum received from the office of the City Clerk as referenced above. This petition was processed in accordance with the requirements of the City Code, Section 58-2-8.1 for review and response from the involved city departments. P&DD report is as follows:

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this petition provided that the petitioning establishment remit the annual Use-Permit fee to DPW/CED Permit Section. The approval is also contingent upon compliance with the "Outdoor Café Guidelines" as adapted by the City Council.

The Detroit Historic District Commission has issued a Certificate of Appropriateness which was effective as of May 14, 2009.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance Chapter 21. No outdoor grilling is permitted without the approval from DHWP Food Sanitation Section.

The approval from the Central District Precinct of the Police Department does not cover serving liquor in the outdoor café area without the approval of the Local Legislative Body for the City of Detroit.

P&DD is not aware of any objections from any other City Agencies involved. It is the recommendation of the Planning and Development Department that the Petition No. 3332 be granted, subject to the terms and conditions provided in the attached Resolution.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in the outdoor café area until the Detroit Police Liquor License Bureau has given approval.

P&DD is not aware of any objections from any other City Agencies involved. It is the recommendation of the Planning and Development that Petition NO. 3533 be granted, subject to the terms and conditions provided in the attached Resolution.

Re: Christopher Lee and Angela Lee vs. City of Detroit and David Samuel Parker, Jr. Wayne County Circuit Court Case No. 08-123208 NI. Law Department File No. 24000-0758 (Mills, Jane).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Christopher Lee and Angela Lee, that your Honorable Body direct the Finance Director to issue a draft payable to Koory and Fakhoury, their attorneys, and Christopher Lee and Angela Lee, in the amount the City is to pay the Christopher Lee and Angela Lee pursuant to the arbitrators' decision, but said draft may not exceed One Hundred Fifty Thousand Dollars and No Cents (\$150,000.00).

**City Planning Commission**

September 4, 2009

Honorable City Council:

Re: Proposal of Velmeir Companies/ Metco Services to rezone 1530-1580 Martin Luther King Jr. Blvd. (Myrtle) and 1539-1579 Brainard Street by amending Chapter 61, Article XVII, Zoning District Map 3, of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, to show a B4 (General Business District) zoning classification where an R2 (Two-Family Residential District) zoning classification is currently shown.

**NATURE OF REQUEST**

The City Planning Commission (CPC) has received and processed the request of the Velmeir Companies/Metco Services to rezone the property generally bounded

to the north by Brainard Avenue and Grand River Avenue, to the south by Martin Luther King Jr. Boulevard (Myrtle), to the west by Cochrane Avenue, and to the east by Trumbull Avenue. The above-described area is located on Map 3 of the Detroit Zoning Ordinance.

#### **BACKGROUND INFORMATION**

Velmeir Companies is proposing to construct a new 13,325 square foot CVS Pharmacy Store on the area described above with sixty-eight (68) parking spaces. The pharmacy will be developed with a drive-through. Although the Grand River frontage is zoned B4 (General Business District), a substantial portion of the area proposed for the store is currently zoned R2 (Two-Family Residential) — which does not allow the development of a pharmacy. It is necessary to change the zoning of the site (owned by Planning & Development Department (P&DD)) from R2 (Two-Family Residential) to B4 (General Business District) classification. It is anticipated that the company will employ about fifty (50) people.

#### **SURROUNDING ZONING AND LAND USE**

North: R2/B4 (Two-Family Residential District)/(General Business District) — Vacant

South: R2 (Two-Family Residential District) Vacant/Church

West: R2 (Two-Family Residential District) Vacant

East: B4 (General Business District) — Vacant

#### **ISSUES**

##### **Property Ownership**

The petitioner does not own the property under consideration, but has received promissory letters to sell the property to the company from P&DD — about 1.6 acres to Castle Land Holdings, LLC for the property located on 3540 Cochrane Avenue and 4150 Grand River Avenue.

The proposed CVS wants to sell beer and wine, therefore, the rezoning will have to be in a district that permits an SDM/SDD and a Special Land Use Hearing will be required before the Building & Safety Engineering Department (B&SE).

##### **Street and Alley Vacation**

Brainard, the north-south alley east of Cochrane and the alleys north of Brainard will be vacated with easements. The east-west alley south of Brainard will be vacated outright. P&DD has agreed with the developer to include the rights-of-way and the official dedication of land for the existing widening of Martin Luther King Jr. Boulevard (see attached map). This matter is subject of City Council Petition #3426.

##### **MASTER PLAN DESIGNATION**

The proposed area is located in the Jeffries Subsector of the Southwest Sector of the Master Plan of Policies. The Generalized Existing Land Use is RM

(Median Density Residential)/GC (General Commercial) and the recommended Future General Land Use is GC (General Commercial).

#### **CPC PUBLIC HEARING**

On Thursday, July 9, 2009 the City Planning Commission held a public hearing on the proposed rezoning. The following people appeared before the Commission: James Foster, Metco Services; Willie Campbell, Executive Director, Core City Neighborhoods; John Baumann, Director of Construction, and Jack Berke, Velmeir Companies.

Mr. Berke of Velmeir indicated that the company conducted a considerable study of the area before the proposed site was selected. He also told the Commission that the property, under consideration, is not owned by the company, but has received promissory letters from Planning and Development Department (P&DD) and Castle Land Holdings, LLC. Mr. Campbell of Core City Neighborhoods gave unqualified support to the proposed CVS pharmacy and indicated he would be looking forward to the CVS development.

Mr. James Marusich, of P&DD spoke in favor of the land sale, rezoning, and the related street and alley vacations. Mr. James Foster, representing the developer, presented the petitioner's request for street and alley vacation. No one else spoke for or against the proposed rezoning.

CPC staff also received an e-mail from the same Willie Campbell of Core City Neighborhoods. Mr. Campbell wrote, among other things: "While [we] do not think a CVS is the most desirable use of that property, there are worse things, and the truth is we could use a pharmacy/drug store." Mr. Campbell stated his concerns on the proposed pharmacy, these are:

- "...that a significant landscaping/beautification plan come with the new store and that there is follow-through."
- "Driveway access to the store is logical and not impeding traffic on such a complex and tangled intersection."
- "The store/parking lot/grounds are maintained well."
- "Store Manager works with local community as issues come with regard to any maintenance issues."

#### **REVIEW AND CONCLUSIONS**

The Zoning Ordinance does not permit the development of retail uses in an R2 zoning district. A sizable portion of the site for the proposed CVS Pharmacy is currently zoned RS for two-family residential use. In order to allow the property to be used as proposed it must be rezoned to a B4 zoning classification.

The vacation of alleys and the dedication of land for the existing widening of Martin Luther King, Jr. Blvd. are not within the scope of the proposed rezoning and will be dealt with separately.

The subject property has remained fal-

low for several years and there are no houses on the subject area or the surrounding area. There are no plans to build houses in the area. Second, almost the entire area is pockmarked with vacant lots with over grown vegetation with the exception of a few lots which contain of two churches and few apartment buildings.

The proposed rezoning is consistent with the approval criteria set forth in Sec. 61-3-80 of the Zoning Ordinance. Such criteria include, but are not limited to, consistency with the Master Plan, whether the proposed amendment will protect the health, safety, and general welfare of the public and the suitability of the subject property for the existing zoning classification and proposed zoning classification.

The proposed development could be a catalyst for future development in the area. There are no pharmacy/stores to serve the area under consideration so it will meet an apparent need. According to the Master Plan the Future Generalized land Use is GC (Generalized Commercial). The proposed CVS is consistent with those provisions. As it concerns the community the developer will work with the community as the project move forward. Lastly, a change in zoning would not be injurious to residential living in the area because there are no residences immediately around the proposed development.

#### RECOMMENDATION

The City Planning Commission (CPC) staff recommends approval of an amendment to Zoning District Map No. 3 of the Zoning Ordinance, Chapter 61, Article XVII of the 1984 Detroit City Code to show a B4 (General Business District) zoning classification where an R2 (Two-Family Residential) zoning classification is currently shown on the property located on 1530-1580 Martin Luther King Boulevard (Myrtle) and 1539-1579 Brainard Street. Please find attached for your consideration and introduction an ordinance to effectuate the proposed rezoning.

**City Planning Commission**

September 10, 2009

Honorable City Council:

Re: Repeal of City Council Moratorium

on MLCC Activity Permits for Nonconforming Uses.

On July 28, 2009, City Council adopted new procedures and criteria with respect to petitions of the Michigan Liquor Control Commission (MLCC) for dance, entertainment, and topless activity permits in conjunction with on-premises liquor establishments in the City of Detroit.

The newly adopted procedures and criteria became effective upon publication on August 25, 2009; they supersede Council's earlier procedures and criteria adopted on August 1, 2003 and July 7, 2004. Council's earlier policy considered the conforming or nonconforming status of the bar in question. When it became clear that Council would adopt new procedures and criteria, it passed a resolution to establish a moratorium on consideration of MLCC activity permit involving nonconforming uses. That moratorium was most recently extended to September 30, 2009 by a resolution adopted on May 26, 2009.

In light of the adoption of the new procedures and criteria, MLCC petitions are being processed irrespective of conforming or nonconforming zoning status and there is no longer the need for a City Council moratorium. Consequently, a resolution is attached to repeal Council's

moratorium on the processing of MLCC activity permits.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director

By Council Member Tinsley-Talabi:

Honorable City Council:  
Re: Water Service Contract Between City of Detroit and Southeastern Oakland County Water Authority,

Bills of Sale, and Grants of Easement for Water Mains to City of Detroit.

The Southeastern Oakland County Water Authority (SOCWA) in Oakland County has agreed to a new thirty-year water service contract with the City of Detroit. This contract is based upon the model water contract that was discussed in detail before the Public Health and Safety Standing Committee on May 19, 2008. The terms of each contract negotiated are essentially identical, with the exception of the two contract exhibits. Exhibit A of the contract sets forth the customer's service area and metering information. Exhibit B of the contract sets forth the particular service level needs of the customer.

The ownership of certain meter pits and associated water mains has been transferred to the City of Detroit from SOCWA by the terms of the Water Service Contract. The Bills of Sale and the Grants of Easement For Water Mains attached hereto comprise the necessary transfers of ownership and easement rights associated with the Water Service Contract.

#### TESTIMONIAL RESOLUTION FOR

#### REVEREND JULIUS C. HOPE

By COUNCIL MEMBER TINSLEY-TALABI,  
Joined By ALL COUNCIL MEMBERS:

WHEREAS, The Reverend Julius C. Hope has a legacy of leadership that is both extensive and outstanding. He graduated from Alabama State University, where he excelled as a football quarterback and catcher on the baseball team. From there, he served in the United States Air Force for four years. As the son of the late Rev. Robert L. Hope, and with two brothers who are preachers, it was no surprise when he enrolled in the Interdenominational Theological Seminary and earned his Master's of Sacred Theology. From there, he followed his calling into ministry and public service; and

WHEREAS, Rev. Hope was pastor of the Zion Baptist Church in Brunswick, Georgia and later was pastor of the First Baptist Church in Macon. He ran for Brunswick City Council, and though he did not win, he was not discouraged. He ran again, this time for Mayor of Macon. Rev. Hope came close to winning but also faced attempts to take his life because he was the first black person to run for Mayor. In the meantime, his relationship with the NAACP was flourishing. He served as an NAACP Branch President for 15 years and was president of the Georgia State Conference of NAACP Branches for 18 years. He also hosted an inspirational radio program. These roles garnered attention from then Governor Jimmy Carter, who appointed Rev. Hope to the Human Relations Council for the State of Georgia; and

WHEREAS, Rev. Hope was launched into the national spotlight over 30 years ago when he was called to preach at the early morning worship service at the NAACP National Convention. This sermon propelled him to become the NAACP's National Director of Religious Affairs, a position he still holds. Under his leadership, the NAACP has formed relationships with faith leaders around the country. The accolades Rev. Hope has received are too numerous to list, but they include the prestigious NAACP Medgar Evers Award, induction into the Civil Rights Hall of Fame at Clark University Center in Atlanta, and placement in the first edition of "Who's Who in Black Detroit." But even more commendable is the fact that the NAACP has named two awards after him — "The Reverend Julius

C. Hope Hall of Fame Award" and "The Julius C. Hope Champion of Social Justice Award"; and

WHEREAS, Rev. Julius Hope has been married to Mrs. Louise Hope for more than 50 years. They have two children and three great-grandchildren. He has also been pastor of the New Grace Missionary Baptist Church in Highland Park, Michigan for thirty years. NOW, THEREFORE BE IT

RESOLVED, That the entire Detroit City Council hereby congratulates Rev. Julius C. Hope on being honored at the NAACP Michigan State Conference. Your commitment and loyalty to social justice represent the true Spirit of Detroit. Your good works extend beyond the States of Michigan and Georgia, and into the nation as a whole. Under your leadership, countless people have heard the gospel and many partnerships have been created for the NAACP and the entire community of people of color. We commend your great success and would like to thank you for your hard work and dedication.

#### **BUILDINGS AND SAFETY ENGINEERING and ENVIRONMENTAL AFFAIRS DEPARTMENTS**

31. Submitting reports relative to Petition of Lynette Hardy (#3084), requesting investigation into property and environmental issues relative to 16870 Westmoreland. (Buildings and Safety Engineering Department's investigation revealed that the contour of the land may be causing rainwater to flow onto complainant's driveway, which could cause soils, leaves and other small debris to be deposited on the driveway; found no evidence of erosion or other damage; therefore, suggest that owner of 16854 Westmoreland, construct a curb to divert

the rainwater away from driveway. Regarding the boundary fence, which is governed by Chapter 61, Section 61-14-251 (4)(b) of the Detroit City Code and regulates the height at six (6) feet; requiring the fence at 16870 Westmoreland (Mr. Garfield) to reinstall the fence lower on the posts, thereby closing the gap at the bottom of the fence; Mr. Garfield failed to comply by August 16, 2009, therefore, was issued a Blight Violation ticket, with hearing date of September 17, 2009. Environmental Affairs Department found no illegal dumping or solid waste violation at location; however, recommends that Ms. Hardy contact the Community Liaison Officer of the Detroit Police Department's Northwestern District relative to trees hanging on roof.)

Honorable City Council:

Re: University Groves Homes — Payment in Lieu of Taxes (PILOT) — Amended.

NorthStar Community Development Corporation, the sponsor, has formed University Groves Homes Limited Dividend Housing Association Limited Partnership. The University Groves Homes Development will consist of forty-five (45) newly constructed three and four bedroom single-family units: each with 1 Baths and 1510 square feet in size. Financing for the development will be made possibly by a loan of \$3,353,000 at 5.25% interest for 20 years from the City of Detroit-Home Investor and Low Income Tax Housing Tax Credits with a total development cost of eight million eight hundred nineteen thousand two hundred thirty one dollars (\$8,819,231).

The Project area is bounded by: Puritan to the north, Lodge Freeway to the south, Petoskey to the west and Parkside to the

east. MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

At least twenty percent (20%) of the units must be occupied by households having incomes no greater than 50% of the median income, adjusted for family size. The remaining eighty percent (80%) of the units must be occupied by households with incomes that do not exceed 60% of the area median income, adjusted for family size. These income restrictions will be in effect for the longer of the period the Affordable Housing Restrictions apply or the time required under the Low Income Housing Tax Credit Program.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 4% service charge for this housing project.

Respectfully submitted,  
JULIE CASTONE  
Assessor

By Council Member S. Cockrel:

Whereas, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from taxes by NorthStar Community Development Corporation on behalf of University Groves Homes has been filed, and it has been determined that said sponsors have

formed a Limited Dividend Housing Association Limited Partnership; and

Whereas, Said sponsors are constructing 45 new single family homes, which is being financed by City of Detroit Home Investor Loan Program, General Partner Capital Contribution and Low Income Housing Tax Credit Program; and

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Now, Therefore, Be It

Resolved, That the said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1996, as amended, being MCLA 125,1401, et Seq., MSA 16114(1) et., seq., and be it further

Resolved, That said described premises shall be allowed a payment in lieu of taxes (PILOT) or service charge of 4% of the annual net shelter rent obtained from the project per City Ordinances 9-90 as amended, having taken effect, and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from University Groves Homes Limited Dividend Housing Association Limited Partnership be established upon occupancy for future years with respect to the described property and that all necessary journal entries with respect to the same be prepared by the Chief Financial Officer, and be it further

Resolved, That the City Clerk furnish the Finance Department — Assessments Division two certified copies of this resolution.

Re: Neighborhood Enterprise Zone Certificate Applications for four housing units with the U-SNAP-BAC Neighborhood Enterprise Zone (Recommend Approval).

The City Clerk's Office forwarded to our office applications from Habitat for Humanity for Neighborhood Enterprise Zone (NEZ) certificates for four housing units within the U-SNAP-BAC NEZ area approved by the Detroit City Council in July 1997.

The addresses for the certificates are as follows: 4103 Maryland, 4116 Maryland, 4126 Maryland, and 4150 Maryland. Habitat for Humanity is proposing to construct four new single-family homes.

All four houses would be built on Maryland Avenue just north of Lozier Avenue. The properties involved are confirmed as being within the boundaries of the U-SNAP-BAC NEZ. Based on the above analysis, CPC staff recommends approval of the subject NEZ certificates.

Please let us know if you have any questions.

Re: Address: 5200 Bedford. Name: Richard Salem. Date ordered removed: February 17, 2009 (J.C.C. p. 355).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 19,

2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of July 28, 2009.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Two Halloween period ordinances:

1. Regulation of Fuel Dispensed into Portable Containers.
2. Curfew.

Pursuant to your Honorable Body's

request to permanently amend the two ordinances that deal with curfews for minors and the dispensing of gasoline into portable containers during the Halloween period, the City Council Research and Analysis Division (RAD) has drafted and attached the following amendatory language pertaining to each. These ordinances are drafted to remove the necessity of adopting emergency ordinances each year to deter acts of arson, nuisance and vandalism of public and personal property in the City of Detroit during the Halloween period.

1. **Regulation of Fuel Dispensed into Portable Containers (Sections 19-3-191 through 19-3-195).** This ordinance draft prohibits, on an annual basis, the dispensing of fuel into portable containers in the City of Detroit from October 27th from 12:00 a.m. through October 31st at 11:59 p.m., except for certain specified emergency situations. Further, the proposed ordinance provides that any person who violates any of the provisions of this division shall be guilty of a misdemeanor and upon conviction shall be punished, for each such offense, by a fine not exceeding five hundred dollars (\$500.00), or by imprisonment for a period not exceeding ninety (90) days, or by both such fine and imprisonment in the discretion of the court.

2. **Regulation of Minors in Public Places and Adult Responsibility for Violations (Section 33-3-14).** This ordinance draft provides, on an annual basis, for a superseding curfew for minors in the City of Detroit on October 30th from 6:00 p.m. to 11:59 p.m., and on October 31st from 12:00 a.m. to 6:00 a.m., only. Exceptions are addressed in Article III. *Regulation of minors in public places and adult responsibility for violations, of Chapter 33. Minors, at Section 33-3-48. Exceptions to article.* See attached. Penalties are addressed in Article I. *Penalty for violations, of Chapter 33. Minors, at Section 33-1-1. Violations of this chapter.* See attached.

Pursuant to City Council's Rules, you can refer this matter to the Law Department for review and approval as to form. Due to the Halloween season for 2009 fast approaching, it is suggested that they respond in sufficient time to make any ordinances you approve for such purposes, effective before October 27, 2009.

August 31, 2009

Honorable City Council:

Re: Petition No. 3107 — Wolverine Packing Co. request to encroach with a new concrete ramps in Adelaide Street within the public right-of-way.

Petition No. 3107 of "Wolverine Packing Co." whose address is 2535 Rivard, Detroit, Michigan request permission to encroach with a sidewalk ramp and a concrete loading ramp into Adelaide Street, 50 feet wide, between Rivard Street, 50 feet wide, and Russell Street, 86 feet wide. This request is needed to allow access for non-meat personnel to areas

within the facility during operating business hours.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Necessary permits will have to be obtained from City Engineering Division — DPW Permit Bureau for any street or alley construction, backfill, or occupancy of the City rights-of-way to install non-standard materials.

The Detroit Water and Sewerage Department (DWSD) reports there is a water main in Adelaide near the area of encroachment, however, DWSD has no objections to the proposed encroachment provided that the provision for the encroachment is strictly followed.

The Street Design Bureau reports that all work done in the sidewalk must meet ADA Ramp specification.

All other city departments and privately-owned utility companies have requested that the petitioner make use of the "MISS DIG" facilities before any construction, backfill, or occupancy of the City rights-of-way to install non-standard materials in the public (street or alley) rights-of-way. Should damages to the utilities occur, the petitioner shall be liable for all claims and damages related to the encroachment installation.

An appropriate resolution, granting the encroachments, is attached for consideration by your Honorable Body.

Respectfully submitted,

**Department of Public Works  
City Engineering Division**

August 31, 2009

Honorable City Council:

Re: Petition No. 3017 — 400 Monroe Associates, request for aerial encroachment for relocation of an existing wall mounted sign from Monroe to Brush for Fishbones Restaurant.

Petition No. 3017 of “400 Monroe Associates” whose address is 400 Monroe Avenue, Suite 480, Detroit, Michigan 48226 request permission to install and maintain an encroachment of a wall mounted sign from Brush Street, 50 feet wide, between Monroe Avenue, and Lafayette Avenue. this request will be a relocation of the wall-mounted sign on Monroe to Brush.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Necessary permits will have to be obtained from City Engineering Division — DPW Permit Bureau for any street or alley construction, backfill, or occupancy of the City rights-of-way to install non-standard materials.

The Traffic Engineering Division — DPW (TED) reports no objection provided that the encroachment shall be completely cantilevered and shall not have any support on the sidewalk/grade level, a minimum of 10.00 feet clear height under requested sign encroachment shall be maintained at the ground/sidewalk level, and shall have a minimum of 3.00 feet clearance from the curb line at all times.

The Detroit Water and Sewerage Department (DWSD) reports there is an existing water main in Brush Street, but has no objections to the proposed encroachment provided minimum clearances are maintained.

All other city departments and privately owned utility companies have requested that the petitioner make use of the “MISS DIG” facilities before any construction, backfill, or occupancy of the City rights-of-way to install non-standard materials in the public (street or alley) rights-of-way. Should damages to the utilities occur, the petitioner shall be liable for all claims and damages related to the encroachment installation.

An appropriate resolution, granting the encroachments, is attached for consideration by your Honorable Body.

Respectfully submitted,

**RESOLUTION  
SUPPORTING THE  
“CHANGE DETROIT FOR GOOD”  
YOUTH MUSICAL COMPETITION**

By Council Member Watson:

Whereas, Third Judicial Circuit Judge Deborah A. Thomas, in partnership with Detroit Police Department Chief Warren C. Evans and Detroit Entertainers & Musicians News are presenting the “Change Detroit for Good” Talent Competition; and

Whereas, Judge Thomas believes that lack of positive citizen participation from Detroit’s young people results from fear, not apathy; fear of reprisals from neighborhood thugs if they stand for what’s right as well as a level of fear of interaction with the police. This led her to spearhead this event allowing Detroit’s youth to submit solutions to issues they face in their everyday lives; and

Whereas, Children and young adults ages 8 through 22 are encouraged to submit CDs or DVDs in which they perform musical selections written and performed by themselves on the topics of how to stop crime or how to reclaim their neighborhoods and schools; and

Whereas, The Change Detroit for Good musical competition is a new feature of the City’s Angel’s Night Halloween efforts and the winners will be recognized at Bert’s Entertainment Complex on October 29, 2009, following live performances; Now, Therefore Be It

Resolved, That the Detroit City Council supports the “Change Detroit for Good” musical competition; And Be It Further

Resolved, That the Detroit City Council recognizes the efforts of Judge Deborah Thomas to facilitate the musical competition which will spread positive messages from Detroit’s youth in our community; And Be It Further

Resolved, That the Detroit City Council hereby strongly encourages eligible Detroit youth to rise up and participate in the “Change Detroit for Good” musical competition to offer ideas and solutions on difficult situations they encounter in their lives that will improve our communities and our City’s future; and Be It Finally

Resolved, That a copy of this resolution be sent to the Mayor’s Office, the Detroit City Council Entertainment Commission, Detroit Entertainers & Musicians News, and Judge Deborah Thomas.

As this corporate body comes once and again, Father God, to vote and conduct business, we ask, Lord God, that You will be here. Have Your way Lord, have Your way Father; be our strength, be our rock; anchor us, Father God, in Your truth and in Your way.

Father God, the City continues to struggle even as others across the State and Country during our economy. We ask, Father God, that You will lead, guide and be that light lighting the path that we could find a way out and see the path clearly. Dear God, once again, just come and minister in a special way that You, Lord God, will have the honor and the glory and that Your power may be felt in the City. This we ask in Jesus name. Amen.

**Johnson, Ernest I.:** The Harvest Fest is on schedule for October 17, 2009. The Wayne County Executive and the Detroit City Council present Harvest Fest from 11:00 a.m. to 2:00 p.m. on October 17, 2009, as a fun fill day for the children at Eastern Market at Shed 5.

**Council Member Watson** supports and applauds Council Member Alberta Tinsley-Talabi in contributing \$450.00 with the hope that her colleagues will consider the same along with the Mayor's Office because the City of Detroit and Wayne County co-sponsor of this event.

**Thrasher, Norman:** Mr. Thrasher stated that on March 18, 2003, Mr. Norman White met with them; on July 30, 2003, he distributed part of their resolution and proposal to bidders. In March, 2003, they gave Mr. White all of their information as

related to item 102 on today's agenda. Mr. Thrasher stated that it is unfair that Mr. White took their components, sliced them and distributed them for bids of \$856,000.00 after they indicated that they would do it free of cost. Mr. Thrasher wants to bring the resolution to a closure due to the unfairness done to Environment Technical Controls.

**President Cockrel, K.:** The Law Department will respond in writing to Council as soon as possible?

**Wiggins, Larry:** In late 2002 and early 2003, there was a solicitation for companies to give their technology vision for increasing ridership and making the bus comfortable for bus rider. We were the only organization to present proposals. The contract awarded to Transportation Systems of Kansas City, Missouri who had the same information we presented. Mr. White attended the meeting when we did our presentation and he has had no discussion with us. In the last 18 months, we met with them to draft a contract. The concern in that contract was that after we sell this major infrastructure, if by convenience they wanted to cancel, they could cancel and take everything that we invested. That was the only sticking point regarding this contract.

**President Cockrel, K.:** We will receive a report from DDOT as soon as possible.

**Planning & Development Department**  
July 16, 2009

Honorable City Council:

Re: Request for Public Hearing Residential Alley Vacation and Conversion to Easement for Petition No. 3298.

The Planning and Development Department (P&DD), in accordance with the Detroit Code, Article VI, Section 50-6-1, has reviewed requests for residential alley conversion to easement for the above-referenced petitions which were previously filed with the Office of the City Clerk. An attached listing provides specific information for each petition. Our investigation of the subject petitions discloses the following:

1. The submitted petitions for residential alley vacation received no objections from impacted utility companies or city departments.
2. The alleys/portion of alley do not serve as the sole means of ingress/egress for the abutting property owners.
3. The alleys are not required for municipal services (trash collection).
4. The public utilities located in these alleys can be properly served if the alleys are converted to easement. The conversion to easement will have covenants and agreements, uses and regulations to be observed by the abutting property owners.

The P&DD finds that these requests for residential alley vacation would be beneficial to both the City and abutting property owners. It is requested that your Honorable Body hold the required public hearing for each petition as provided in the Detroit Code. The above referenced two (2) petitions are simple residential alley vacations for which we do not anticipate extensive discussions.

Respectfully submitted,  
WARREN P. PALMER  
Director

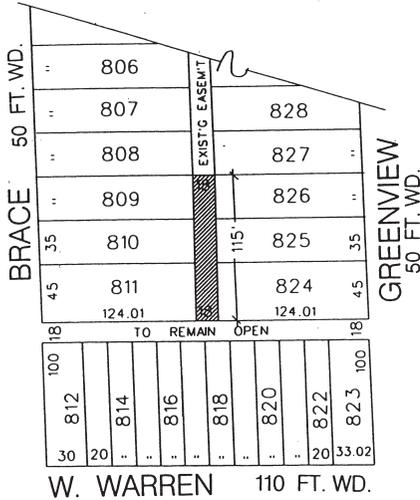

Planning & Development Department  
By Council Member Reeves:

Whereas, The Planning and Development Department, in accordance with the Detroit Code, Article VI, Section 50-6-1, has reviewed applicant petition requests for residential alley conversions to easements as referenced in the foregoing communication; and

Whereas, The Planning and Development Departments finds that the requests for alley conversion to easements would be beneficial to both the city and abutting property owners, and that said alley conversion requests are not required for municipal services (trash collection), that there are no objections from impacted Utility Companies or City Departments, that the alley means of ingress-egress to the abutting properties have been reviewed and that the Resolution will have covenants and agreements, uses and regulations to be observed by the abutting property owners; Now Therefore Be It

Resolved, That in accordance with the Detroit Code, Article VI, Section 50-6-1, a hearing will be held for each of the petition requests referenced in the foregoing communication by the City Council in the Committee of the Whole Room on the 13th floor of the Coleman A. Honorable City Council:

Re: Address: 14579 Lauder. Name: Kea Owens. Date ordered removed: July 29, 2008 (J.C.C. p. 2096).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on August 26, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of (August 7, 2009).

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

By Council Members Kenyatta, Jones and Reeves:

Whereas, Many City of Detroit employees participate in the Combined Charities Campaign and generously donate money to specific charities through payroll deductions; and

Whereas, According to the Human Resources Department, the inclusion of a new charitable organization in the combined campaign is a lengthy process requiring it to coordinate with ITS and Finance prior to submitting it to this Honorable Body for final approval; and

Whereas, According to the Human Resources Department, the payroll system is unable to accept any new deduction codes for the 2009 combined campaign; and

Whereas, In addition to the current entities on the combined charities list, the Detroit City Council advocates for the inclusion of specific humanitarian programs to the 2010 list to allow for the charities to complete the vesting process through Human Resources; and

Whereas, These humanitarian programs are referred to as the "Detroit Challenge" and include three (3) noteworthy causes: International Clean & Safe Drinking Water Program for Developing Countries, International Food Distribution Program for Developing Countries and Child Adoption Program for Orphans Living in Wayne County; and

Whereas, The inclusion of the projects in the "Detroit Challenge" will enable City employees to direct their generous payroll deductions toward global humanitarian efforts in addition to charities that work to elevate the quality of life in our local communities; Now, Therefore Be It

September 4, 2009

Honorable City Council:

Re: Resolution Authorizing the Issuance

and Sale of Sewage Disposal System Revenue Bonds to the Michigan Municipal Bond Authority, of Junior Standing to the City's Sewage Disposal System Revenue and Revenue Refunding Bonds now outstanding.

The attached Resolution authorizes the issuance and sale of approximately \$13 million of Sewage Disposal System Revenue Bonds for the purpose of defraying part of the cost of acquiring and constructing repairs, extension and improvements, which include upgrading the System to bring wet weather flow to a new pump station and retention basin to serve the Oakwood Sewer District in southwest Detroit, as part of the long-term program to control combined sewer overflows.

This financing is for participation in the Michigan Municipal Bond Authority's Clean Water Revolving Fund first quarter financing. The Project will be eligible for forgiveness of not to exceed 40% of the final allowable Project costs from funds received by the State under the American Recovery and Reinvestment Act of 2009.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,  
NORMAN L. WHITE  
Finance Director

By Council Member S. Cockrel:

WHEREAS, Ordinance No. 18-01, effective October 22, 2001 (the "Bond Ordinance"), provides for the issuance of Securities (as therein defined) by the City of Detroit, Michigan (the "City"), to finance acquisition and construction of repairs, extensions and improvements to the Sewage Disposal System of the City (the

“System”) and to refund Securities issued for such purpose; and

WHEREAS, The Bond Ordinance provides for a category of Securities called “SRF Junior Lien Bonds,” which are issued for the purpose of providing improvements to the System under the Michigan Water Pollution Control Revolving Fund Program (the “State Revolving Fund Program”) and which have a priority of lien on Net Revenues of the System which is junior to that of Senior Obligations and all other Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds; and

WHEREAS, It is deemed necessary for the public health, benefit and welfare of the City to acquire and construct certain additional repairs, extensions and improvements to the System, which include upgrading the System to bring wet weather flow to a new pump station and retention basin to serve the Oakwood Sewer District in southwest Detroit, as part of the City’s long-term program to control combined sewer overflows (CSOs), as more fully described in Appendix B attached hereto (the “Project”); and

WHEREAS, The cost of the Project has been estimated by the City’s Water and Sewerage Department (the “DWSD”) to be approximately \$13,000,000, which includes engineering fees and contingencies (the estimated cost of the Project is the “DWSD Estimated Cost”); and

WHEREAS, To finance all or a portion of the costs of the Project, including costs of issuance of the Bonds, (hereinafter defined), DWSD has recommended that the Bonds be issued in accordance with Act 94, Public Acts of Michigan, 1933, as amended (“Act 94”), in the stated principal amount of up to the amount of the DWSD Estimated Cost and sold to the Michigan Municipal Bond Authority (the “Authority”) as part of the State Revolving Fund Program; and

WHEREAS, The Authority has advised the City that if the Project is part of the first quarter of the State of Michigan (the “State”) fiscal year 2010 closing, scheduled to occur on or about January 22, 2010, the Project will be eligible for forgiveness of not to exceed 40% of the final allowable Project cost from funds received by the State under the American Recovery and Reinvestment Act of 2009 (“ARRA”), subject to agreement by the City to applicable ARRA requirements; and

WHEREAS, All things necessary to the authorization and issuance of the Bonds under the Constitution and laws of the State, including Act 94 and the Bond Ordinance, have been or will be done prior to the issuance and delivery of the Bonds, and the City Council of the City (the “Council”) is now empowered and desires to authorize the issuance of the Bonds

and the sale thereof to the Authority by supplementing the Bond Ordinance as herein provided; and

WHEREAS, The Finance Director of the City has determined to sell the Bonds to the Authority pursuant to the terms of a Purchase Contract between the City and the Authority; and

WHEREAS, In connection with the sale of the Bonds to the Authority, the City shall be required to enter into a Supplemental Agreement among the City, the Authority, and the State acting by and through its Department of Environmental Quality, and to deliver an Issuer’s Certificate to the Authority; and

WHEREAS, The Council desires to authorize and direct the Mayor and the Finance Director, each acting alone, to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of Michigan, 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds to the extent not inconsistent with the Bond Ordinance and this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL THAT:

The DWSD Estimated Cost of the Project, including expenses incidental to the Project and its financing, specified in Section 4 hereof, is hereby approved and confirmed, and the period of usefulness of each Project is estimated to be not less than 40 years.

**Section 4. Bonds Authorized; Issuance of Bonds; Incorporation of the Bond Ordinance.**

(a) To pay all or a part of the costs of the Project, including payment of legal, financial, printing and other expenses incident thereto and incident to the issuance and sale of the Bonds, payment of capitalized interest, if necessary and permitted by the State Revolving Fund Program, the City shall borrow a sum of not to exceed the Maximum Bond Amount and issue Bonds therefor pursuant to Act 94 and the Bond Ordinance. The Maximum Bond Amount for the Bonds shall be \$13,000,000.00.

(b) The Bonds shall be issued as SRF Junior Lien Bonds under the Bond Ordinance, and shall be of junior standing and priority of lien and secured on a subordinate basis to Senior Obligations and all Junior Obligations which may be issued under the Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds. Notwithstanding the foregoing, in the event that the City is unable to meet the Authority’s requirement that the Bonds receive an investment grade rating if they are issued as SRF Junior Lien Bonds, then the Bonds shall be issued as Second Lien Bonds or, if necessary to achieve an investment grade rating, as Senior Lien Bonds, and all references herein to the

lien priority of the Bonds, whether in the caption of the Bonds, in reference to funds or accounts related to the Bonds under the Bond Ordinance, or otherwise, shall be changed to reflect the applicable lien priority.

(c) The proceeds of the Bonds shall be used for the purpose of acquiring and constructing the Project, for capitalized interest, if necessary and permitted by the State Revolving Fund Program, and to pay issuance costs described above. The balance of the costs of the Project and the other costs, expenses, and deposits shall be paid from the proceeds of additional Securities issued under the Bond Ordinance, if any, and moneys of the System now on hand and legally available therefor and such moneys are hereby appropriated therefor.

(d) Except as otherwise provided in this Resolution, all of the provisions of the Bond Ordinance shall apply to the Bonds, the same as though set forth in full in this Resolution, the purpose of this Resolution being to supplement the Bond Ordinance to authorize the issuance of SRF Junior Lien Bonds as herein provided for the purpose herein set forth, such purpose being authorized by the Bond Ordinance, upon the conditions therein stated, which conditions have been fully met or will be fully met prior to the issuance of the Bonds.

**Section 5. Bond Details, Issuance in Series Registration, Execution and Transfer of Bond.**

(a) The Bonds shall be designated SEWAGE DISPOSAL SYSTEM SRF JUNIOR LIEN REVENUE BONDS, SERIES 2010-SRF1 and shall bear such additional or alternative designation as may be determined by the Finance Director of the City, subject to the Bond Ordinance. In the event the Bonds are not issued in 2010, the Finance Director is authorized in his discretion to redesignate the year and series designation of the Bonds and any funds and accounts established hereunder to correspond with the year of issuance of the Bonds.

(b) The Bonds shall be issued in the Maximum Bond Amount, or such lesser amount as shall be set forth in the DEQ Order or Purchase Contract, and shall be payable as to principal on such dates as are set forth in the DEQ Order or Purchase Contract for the Bonds, provided, however, that the maximum aggregate amount of interest and principal becoming due in any Fiscal Year (whether at maturity or by reason of Mandatory Redemption Requirements) on all Securities outstanding under the Bond Ordinance, including the Bonds, shall not exceed the amount permitted by the Bond Ordinance. Principal of the Bonds shall be payable in the same manner as interest thereon on the annual payment date set forth above.

(c) The Bonds shall bear interest at a

rate of 2.50% per annum, or such other interest rate as shall be set forth in the DEQ Order or Purchase Contract, payable, except as hereinafter provided, on each Interest Payment Date by check made by the Transfer Agent, and mailed, or sent by other means, to the registered owner at the registered address, as shown on the registration books maintained by the Transfer Agent; provided, however, that at the written request of the Authority or other registered owner of at least \$1,000,000 principal amount of the Bonds (which request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to an Interest Payment Date by subsequent written notice to the Transfer Agent), interest shall be paid by wire transfer or other immediately available funds acceptable to the Transfer Agent and the City. Except as hereinafter provided, interest on the Bonds shall be payable to the registered owner of record of the Bonds as of the 15th day of the month immediately preceding any Interest Payment Date. The date of determination of registered ownership for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future.

(d) Notwithstanding any other provision of the Bonds, so long as the Authority is the owner of the Bonds, (a) the Bonds are payable as to principal, premium, if any, and interest at The Bank of New York Mellon Trust Company, N.A. or at such other place as shall be designated in writing to the City by the Authority (the "Authority's Depository"); (b) the City agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on the Bonds in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the City's deposit by 12:00 noon on the scheduled day, the City shall immediately pay to the Authority, as invoiced by the Authority, an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of the Bonds shall be given by the City and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

(e) The Bonds shall be dated January 22, 2010 or such other dates as provided in the DEQ Order or Purchase Contract. The Bonds shall be issued as a single, fully registered bond.

(f) The Bonds may be subject to redemption prior to maturity by the City

only with the prior written consent of the Authority and on such terms as may be required by the Authority.

(g) Unless waived by any registered owner of a Bond to be redeemed, official notice of redemption of such Bond shall be given by the Transfer Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: complete official name of the issue, including series; original issue date; payment dates; interest rate; the date of redemption notice; the redemption date; the redemption price; the place where the Bonds, or portions thereof called for redemption, are to be surrendered for payment; the Transfer Agent's name and address with contact person and phone number; and a statement that interest on the Bond or portions thereof called for redemption shall cease to accrue from and after the redemption date if moneys are on hand with the Transfer Agent to redeem Bonds or portions thereof called for redemption.

In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

**Section 6. Payment of Bonds.** The Bonds and the interest thereon shall be payable solely from the Net Revenues, and to secure such payment, the statutory lien upon the whole of the Net Revenues created in the Bond Ordinance, subject to the prior lien thereon of Senior Obligations and any other Junior Obligations which may be issued under Bond Ordinance with a higher priority of lien on Net Revenues than that granted the SRF Junior Lien Bonds, is hereby confirmed in favor of the Bonds.

The obligation of the City to pay the principal of and interest on the Bonds shall continue until such payment in full has been made or until sufficient cash or sufficient Government Obligations shall have been deposited in trust for payment in full of the principal of and the interest on the Bonds to be defeased to its maturity, or, if called for redemption, to the date fixed for redemption, together with the amount of the redemption premium, if any. Upon deposit of cash or sufficient Government Obligations, as provided in the previous sentence, the statutory lien herein referred to shall be terminated with respect to the Bonds for which such deposit was made, and, the holders of such Bonds shall have no further rights under this Resolution except for payment from the deposited funds and registration and replacement of bonds, and such

Bonds shall no longer be considered to be outstanding under the Bond Ordinance and this Resolution.

**Section 7. Funds and Accounts; Flow of Funds.** Except as otherwise provided in this Resolution, all of the provisions relative to funds and accounts, their maintenance, the flow of funds and other details relative thereto, shall remain as specifically set forth in the Bond Ordinance.

**Series 8. Bond Proceeds.**

(a) The portion of the proceeds of the sale of the Bonds representing capitalized interest, if any, as received, shall be deposited in the SRF Junior Lien Bond Interest and Redemption Fund established by the Bond Ordinance, and the City may take a credit for the amount so deposited against the amount required to be deposited in the such fund for payment of the next maturing interest payment on the Bonds.

(b) The balance of the proceeds of the sale of the Bonds, as received, shall be deposited in the Series 2010-SRF1 Construction Sub-Account. This sub-account shall be established and maintained as a separate depository account in accordance with the Bond Ordinance. Moneys in the Series 2010-SRF1 Construction Sub-Account shall be applied solely in payment of the costs of the Project, and any engineering, legal, financial or printing costs, and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file a signed statement with the Commissioners to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, that such work is satisfactory, and that such work has not been previously paid for. Payment of the costs of engineering, legal, financial, printing, and other costs of issuance with respect to the Bonds as provided in this section shall be made upon submission of appropriate documentation to the Finance Director of the City.

(c) Any unexpended balance remaining in the Series 2010-SRF1 Construction Sub-Account after completion of the Project may, with the prior approval of the Authority and at the discretion of DWSD, be used for further improvements, enlargements, and extensions to the System if, at the time of such expenditure, such use is approved by the Michigan Department of Treasury, Municipal Finance Division, if such permission is then required by law, and if such use will not, in the opinion of nationally recognized bond counsel, impair the exclusion of interest on the Bonds from gross

income for federal income tax purposes. Any remaining balance after such expenditure shall, with the prior approval of the Authority, be paid into the SRF Junior Lien Bond Interest and Redemption Fund for the purpose of redemption or purchase, at not more than the fair market value, of the outstanding Bonds or portions thereof. Bonds acquired by purchase shall be canceled and shall not be reissued.

**Section 9. Bond Form.** The Bonds shall be in substantially the form set forth in Appendix A hereto, with such changes and additions as shall be determined appropriate by the Finance Director.

**Section 10. Covenants Regarding Exclusion of Interest on the Bonds for Federal Tax Purposes.** The City hereby covenants with and represents to the Authority and any other registered owners of the Bonds that so long as any portion thereof remains outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair, the exclusion of the interest on the Bonds from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be proceeds of the Bonds, and to prevent the Bond from being or becoming a "private activity bond" as that term is used in Section 141 of the Code.

**Section 11. Act 34 Compliance; Sale of Bonds.** The Mayor and the Finance Director, each acting alone, is authorized and directed to do all such things, take all such actions and make all such applications and filings with the Michigan Department of Treasury as may be necessary or appropriate to comply with Act 34, Public Acts of 2001, as amended, or otherwise precedent to or in connection with the issuance, sale and delivery of the Bonds.

**Section 12. Authorizations of Deputies or Persons Serving in an Acting or Interim Capacity.** During the absence or disability of the Mayor, Finance Director, Director of DWSD, City Clerk, Treasurer, or Corporation Counsel, any person serving as the deputy for such officer may exercise all the powers and perform all the duties of, and make all the determinations herein required or permitted hereunder by, such officer with respect to the Bonds. While the office of Mayor, Finance Director, Director of DWSD, City Clerk, Treasurer, or Corporation Counsel is vacant, any person serving as such officer in an acting or an interim capacity and such person's deputy, may each exercise all the powers

and perform all the duties of, and make all the determinations herein required or permitted hereunder by, such officer with respect to the Bonds.

**Section 13. Execution of Bonds.** The Mayor and the Finance Director are hereby authorized and directed to execute the Bonds by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon the official seal of the City or a facsimile thereof, and to deliver the Bonds to the Authority upon the terms and conditions set forth in the Purchase Contract.

**Section 14. Sale of Bonds; Execution of Authority's Documents.** The Bond shall be sold to the Authority pursuant to the Purchase Contract. The Purchase Contract, Supplemental Agreement, and the Issuer's Certificate for the Bonds, in the forms on file with the Finance Director, are hereby approved; and the Mayor, the Finance Director, and the Director of the DWSD are each hereby authorized to execute and deliver, for and on behalf of the City, such Purchase Contract, Supplemental Agreement, and Issuer's Certificate to the Authority in the forms hereby approved with such changes thereto and insertions therein as the Finance Director shall determine are necessary or desirable. The executed forms of the Purchase Contract, the Supplemental Agreement, and the Issuer's Certificate shall be deemed to be the final forms thereof.

The Bonds are being sold through a negotiated rather than a competitive sale because sale to the Authority through the State Revolving Program enables the City to obtain the lowest borrowing cost for the Project and to obtain the benefits of principal forgiveness available pursuant to ARRA.

**Section 15. Authorization of Other Officials.** The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of DWSD, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions, and other papers as may be deemed necessary or appropriate to complete the sale, execution, and delivery of the Bonds as determined by such officials executing and delivering the foregoing items. In the event of the unavailability of any of the foregoing officers, their deputies may sign in their stead. Any actions heretofore taken by such persons in furtherance of the foregoing are hereby ratified and confirmed.

**Section 16. Declaration of Official Intent.** The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. §1.150-2 pursuant to the Code:

(a) The City plans to finance the Project through the issuance of the Bonds in an amount not to exceed the Maximum Bond Amount.

(b) The City Council of the City hereby declares its intent to reimburse itself from the proceeds of the Bonds for expenditures made or to be made for the Project.

(c) The maximum aggregate principal amount of the Bonds expected to be issued is the Maximum Bond Amount.

(d) Advances to be made for the Project will be borrowed from the Improvement and Extension Fund of the City's Sewage Disposal System Fund, which shall be reimbursed upon the issuance of the Bonds.

**Section 17. Resolution Constitutes a Contract Interpretation; Modification.**

The provisions of this Resolution shall constitute a contract between the City and registered owner of the Bonds. The provisions of this Resolution shall be construed and interpreted liberally in order to effectuate the purposes of the Bond Ordinance, Act 94, the Shared Credit Rating Act, Act 227, Public Acts of Michigan, 1985, as amended, which creates the Authority, and the Natural Resources and Environmental Protection Act, Act 451, Public Acts of Michigan, 1994, as amended. The provisions of this Resolution, including, but not limited to, provisions with respect to disbursement of bond proceeds, payment of costs of issuance, payment of capitalized interest on the Bonds and payment by the City to the Authority in amortization of the Bonds, may be modified by agreement of the City and the Authority without the consent of the holders of Securities outstanding under the Bond Ordinance, so long as such modifications do not prejudice such holders of Securities of higher priorities.

**Section 18. Repeal; Savings Clause.**

All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 19. Severability; Paragraph Headings; Conflict.** If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. The section headings in this Resolution are furnished for convenience of reference only and shall not be considered to be part of this Resolution.

**Section 20. Publication and Recordation.** This Resolution shall be published in full in The Detroit Legal News, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption.

**Section 21. Effective Date.** This Resolution shall be effective immediately.

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by the U.A.W. Local 412 — Paralegals.

The Labor Relations Division has recently reached agreement with U.A.W. Local 412, who represents Paralegals in the Law Department, on a 2005-2012 labor contract. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body authorize action to 1) implement the health care concessions as specified in Schedule A, and 2) reduce the standard work hours to achieve the ten percent (10%) wage concessions that should have occurred during the July 1, 2005 - June 30, 2008 contract period; and the twenty-six (26) mandatory Budget Required Furlough (BRF) days for the July 1, 2008 - June 30, 2012 contract period, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked as set forth in the attached Exhibit A. It is recommended that these provisions of the labor agreement become effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

#### **CONSENT AGENDA**

None.

#### **MEMBER REPORTS**

##### **COUNCIL MEMBER S. COCKREL:**

I attended the Michigan Municipal League Conference in Kalamazoo on this past Wednesday, Thursday and Friday. Mr. Robert Bobb was on a panel for Public Safety related matters. Mr. Bobb was the City Manager in Kalamazoo approximately 20 years ago. Mr. Bobb, the Police and the Mayor from that era did a presentation that was extremely well attended. The presentation showed what Kalamazoo did as a result of a financial crisis which was to combine police and fire into one public safety function. The transcript of those sessions will be on the website when they are available. They saved routinely a substantial sum of money on Public Safety related costs in Kalamazoo because of the combine system.

##### **COUNCIL MEMBER KENYATTA:**

I forwarded a memo to Council President Kenneth Cockrel inviting Mr. Bobb to the Council on October 6. This date on his calendar for October 6.

##### **COUNCIL MEMBER REEVES:**

I think it is important that we are aware of the activities in our City. I had an opportunity to visit Cobo Hall and see the KISS Concert. Though our economy is low, they had a jam packed house. This should encourage us to get more conferences, shows and conventions in Detroit.

##### **COUNCIL MEMBER JONES:**

Regarding Cobo, I am disappointed that no one is reviewing the sick days that employees at Cobo should be receiving. The City has not said anything about their sick days and Regional Authority is not doing anything regarding their sick days. When these employees are off on sick days, they are not getting paid. I would like to know if their sick days are the responsibility of the City or the Regional Authority. These are sick days that they accumulated while working for the City. Mr. Marable, will you forward an answer to me.

**Jones:** I would like to ask Research & Analysis and the Law Department for a written report regarding the Budget Elimination Plan. We have not received anything in writing; however, things continue to change that this Body is not approving and it is affecting the budget; such as the service with the Recreation Department. Since we have nothing in writing and it is affecting the Budget, we do not have a plan in writing. We did not receive it in writing prior to the CAFR. Is that legal and how should that be facilitated? I would like a report from Research Analysis Division and Law Department.

**Cockrel, S.:** You mean the Deficit Elimination Plan and the Budget Amendments; these are two separate types.

You may contact my office at (313) 224-4505 and we will make sure that this information is scrolled on our Public Access Channel.

##### **COUNCIL MEMBER WATSON:**

Related to the DTE event, at the request of Council Member Collins' staff

who saw police officers giving tickets to cars parked around State Fair grounds, we asked the Municipal Parking Authority to please waive any tickets for people who they believed were inside trying to get help from DTE.

The City Council passed a resolution supporting the Michigan State Fair staying open if at all possible. The President of Michigan AFLCIO forwarded to me this morning information stating that they are close to completing a deal and encouraged us to call the Governor's office in support of the special partners who have come together to keep it open.

As John said in a letter written to a dear friend, Gaius, "Above all I wish that you may prosper and enjoy good health and that all may go well with you, even as your soul is getting along well," 3 John 2.

Dear friends, I pray that you recognize the Spirit of God working within your heart like a compass. God's spirit continually points out the right direction to you. My prayer for you is that you may always be open and receptive to the guidance of God, which comes to you from within.

In any decision, God is with you as a light to show you the way. In any need, God is within you as strength and wisdom. God gives you the ability to move without hesitating in the direction that is right for you.

I give prayerful thanks that all things are working together for your good, knowing there is One Spirit in the City of Detroit, which is revealing, step-by-step the rewarding path to you.

I give prayerful thanks that all things are working together for the good of the people in this great city, and state, and especially the leaders who have stepped forward.

**AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-174 to establish the Helen Newberry Nurses Home Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code is amended by adding Section 25-2-174 to read as follows: **Sec. 25-2-174. Helen Newberry Nurses Home Historic District.**

(A) A historic district to be known as the Helen Newberry Nurses Home Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Helen Newberry Nurses Home Historic District are as shown on the map on file in the office of the City Clerk, and are as follows:

On the north, the centerline of East Willis Avenue; on the east, the centerline of John R Street; on the south, the centerline of the east-west alley between East Willis Avenue and East Alexandrine Avenue; and on the west, the west line of the property commonly known as 100 E. Willis and described as S Willis E 125 ft of S 161.43 on E line by 152 ft on W line of Park Lot 28 lying W & adj John R Street 84 ft wd & S & adj Willis Ave 100 ft wd Plat of Park Lots, Liber 34, P542 of Deeds, W C R 1/59 125 x 161.43). (Legal description: S Willis E 125 ft of S 161.43 ft. on E line by 152 ft on W line of Park Lot 28 lying W & adj John R Street 84 ft wd & S & adj Willis Ave 100 ft wd Plat of Park Lots, Liber 34, P542 of Deeds, W C R 1/59 125 x 161.43, commonly known as 100 E. Willis).

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The Helen Newberry Nurses Home is three (3) stories tall on a high basement.

(2) *Proportion of Buildings' Front Façade.* The front façade of the Helen Newberry Nurses Home is wider than tall. The flat plane of the front façade flanking the slightly projecting entrance pavilion is broken by a projecting bay at each of the cross gables and a receding bay at each of the ends.

(3) *Proportion of Openings Within the Façade.* The Helen Newberry Nurses Home is composed of approximately

twenty to twenty-five percent (20-25%) openings in its front façade. The arched entry opening centered on the front façade is topped with a pair of windows on the second floor and a triple window on the third floor, all with diamond-paned leaded glass upper sashes. Basement windows consist of three-by-three square lights. Above the basement, occupying all of the bays to the sides of the entrance bay, are three levels of double-hung sash window units, the windows ranging from single units to quadruple units. They all have multiple lights in their upper sashes, arranged in a hierarchical fashion of six on the first floor, nine on the second floor, and twelve on the third floor.

(4) *Rhythm of Solids to Voids in the Front Façade.* A lively rhythm of solids to voids is created by the different treatments of the bays. The central, entrance bay has a single opening on the first floor, a paired opening on the second, and a triple-window opening on the third. Its flanking bays have paired windows. The south projecting bay has triple windows and the north projecting bay has quadruple windows. The end bays have double windows. The first story and basement windows are currently boarded over.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Not applicable due to single building district. The porch of the Helen Newberry Nurses Home consists of a terrace with brick wing walls in front of the central entrance bay and its flanking bays. Two series of masonry steps lead up to the concrete deck; the two uppermost steps have curved ends. On the rear of the building is a simple, wooden, shed roofed porch on brick piers, in deteriorated condition.

(7) *Relationship of Materials.* The building is brick with a limestone entrance pavilion. Caps and coping are also stone, as are the mullions of the entrance bay windows. The roof is clad in slate, except where patched in asphalt. Window surrounds and sashes are wooden, as is the back porch.

(8) *Relationship of Textures.* The rugged texture of large bricks laid in irregular bond set in mortar is juxtaposed with smooth limestone elements and trim, and painted window frames and surrounds, resulting in contrasting textures. The natural gray colored slate roof also contributes to textural interest. In general, the building is rich in textural relationships.

(9) *Relationship of Colors.* The brick is in varying warm tones of brown, orange and black. The limestone is beige, and the slate is a natural gray. Window surrounds and sashes are a pale yellow.

(10) *Relationship of Architectural Details.* The Helen Newberry Nurses

Home is a Jacobethan Revival residential structure with elements and details in that style, including gabled roofs, triangular and curved dormers, and arched entryways. Its front façade is articulated in seven (7) bays, the center of which is the limestone entrance bay. The entrance features an arched opening with a keystone and Doric pilasters, Ionic pilasters flank windows on the second floor, and the entire bay is surmounted by a Flemish gable with finials. The Name, "Helen Newberry Nurses Home" is carved in the frieze above the doorway. A bas-relief carving reading, "Erected in the Year MDCCCXCVII" is located in a panel below the second floor window, and a shield with the initials "HN" is located in the gable. The water table of the basement level is delineated by a projecting soldier course of bricks and the building's upper stories are divided by corbelled belt courses. Each of the outermost bays is surmounted by a brick Flemish dormer with stone caps. Tall, ornamental brick chimney stacks have corbelled brick detailing reminiscent of chimney pots. The other elevations are less ornamental in their detailing but retain the brick corbelling of the front façade.

(11) *Relationship of Roof Shapes.* The roof is gabled, with a flat deck, and displays cross gables and dormers. Two tall chimney stacks rise above the roofline on the north elevation and at the corner of the north wall of the western ell. The roof over the rear, or west, elevation contains several regularly placed dormers with double windows. The variety of shapes and projections above the eaves is a major characteristic of the Helen Newberry Nurses Home.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The north and east sides of the building are surrounded by shallow lawns bounded by masonry sidewalks and dotted with trees. The grade of the front lawn is raised and separated from the public sidewalk and wide tree lawn by a short masonry border. Along East Willis Avenue, within the L-shape of the building's footprint, is an overgrown lot surrounded by a barbed wire topped cyclone fence. A brick and concrete paved alley runs along the south side of the building; a partial concrete driveway runs along the front of the southern elevation of the building. No significant lighting fixtures or street furniture exist.

(14) *Relationship of Open Space to Structures.* Open space is created by the siting of the building on a corner lot and the absence of buildings to the north of it. Open space outside the district is due to the setbacks and landscaping of more recent construction in the vicinity.

(15) *Scale of Façades and Façade Elements.* The Helen Newberry Nurses Home is a large-scale residential, multi-unit building that has large elements, such as the three-story entrance pavilion and gables. Details tend to be used sparingly, particularly on the entrance pavilion and the coping of the gables. Subdivided lights reduce the scale of window panes on upper sashes.

(16) *Directional Expression of Front Elevation.* The front elevation of the Helen Newberry Nurses Home is horizontal in directional expression, but balanced by vertical pavilions and bays and elements above the roofline.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district.

(18) *Relationship of Lot Coverages.* The footprint of the Helen Newberry Nurses Home occupies approximately fifty percent (50%) of its single parcel.

(19) *Degree of Complexity Within the Façade.* The front façade is complex in its massing, but its relative lack of detail and the regularity of placement of windows result in a moderate degree of complexity overall.

(20) *Orientation, Vistas, Overviews.* The Helen Newberry Nurses Home Historic District is oriented toward John R Street, the north-south street running in front of the building and the dividing line for the Detroit Medical Center. The general overview is of a low-density, mixed-use neighborhood with scattered small-scaled houses. Substantial institutional buildings exist across John R. Street, serving the Detroit Medical Center, providing a stark contrast.

(21) *Symmetric or Asymmetric Appearance.* The appearance of the front façade of the Helen Newberry Nurses Home, although at first glance appearing symmetrical, is actually asymmetrical due to the southern projecting bay of the front façade being wider than the northern projection bay.

(22) *General Environmental Character.* The Helen Newberry Nurses Home Historic District consists of an architecturally significant, multi-unit residential building situated at the northeast corner of John R. Street and East Willis Avenue in an early residential neighborhood across from a large-scale concentration of medical facilities of the Detroit Medical Center. The neighborhood has been scarred by building vacancies and cleared lots, significantly altering its historic setting, but which is now emerging as a mixed-use district.

**Section 2.** All ordinances or parts of ordinances, or resolutions in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become

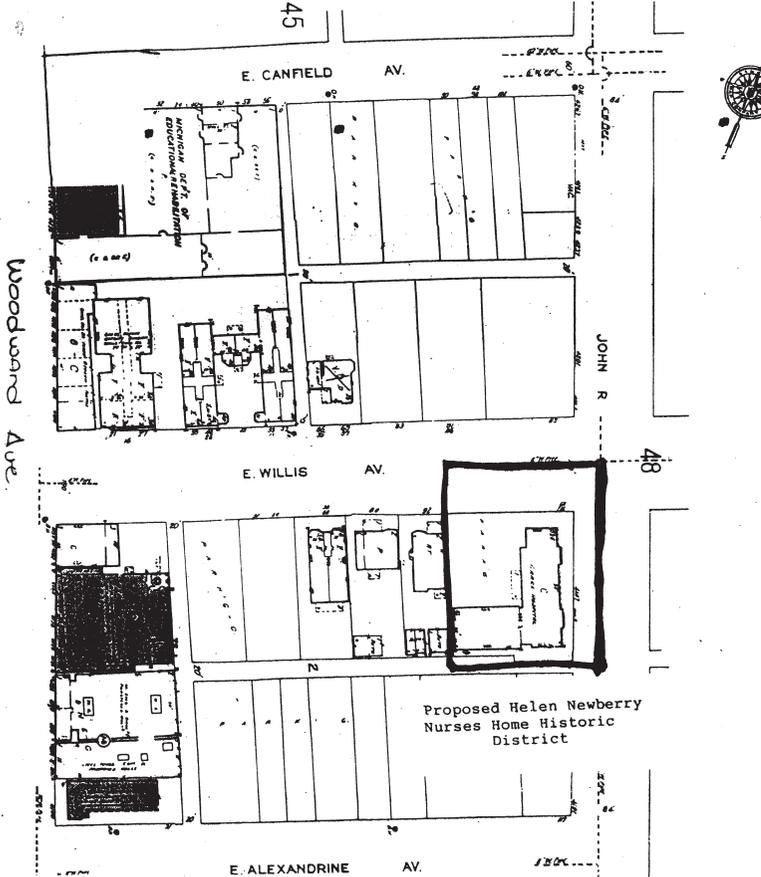

effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Approved as to form only.

Honorable City Council:

Re: Petition #2949, University Cultural Center Association, requesting designation of a portion of Midtown between Cass Avenue and Woodward Avenue, West Kirby Avenue on the south and West Palmer Avenue

on the north, as an historic district and an interim historic district.

On July 7, 2009, City Council adopted a resolution for study of a portion of Midtown between Cass Avenue, Woodward Avenue, West Ferry Avenue on the south, and West Palmer Avenue on the north as a Historic District. The staff of the Historic Designation Advisory Board is prepared to proceed with the study, however, the original request was for the study of Midtown between Cass Avenue and Woodward Avenue, West Kirby Avenue on the south and West Palmer Avenue on the north. Staff is requesting a change in the record to reflect the study for the proposed Midtown be extended to West Kirby Avenue on the south, instead to West Ferry Avenue, as stated in the report to Council dated June 26, 2009.

The proposed portion of Midtown Historic District would include the area between Cass Avenue and Woodward Avenue, West Kirby Avenue on the south and West Palmer Avenue on the north. The University Cultural Center Association is requesting prompt designation, which would enable tax credits to be available for the rehabilitation of the structure.

Staff has reviewed this request and has found reasonable grounds for the study have been provided as well as the interim designation. Attached for your consideration, please find resolutions effectuating both.

Staff is available to answer any questions you may have.

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, Extensions are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the extension if the Board determines that increased capital investment or job creation will not begin within 1 year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the Board of the MSF;

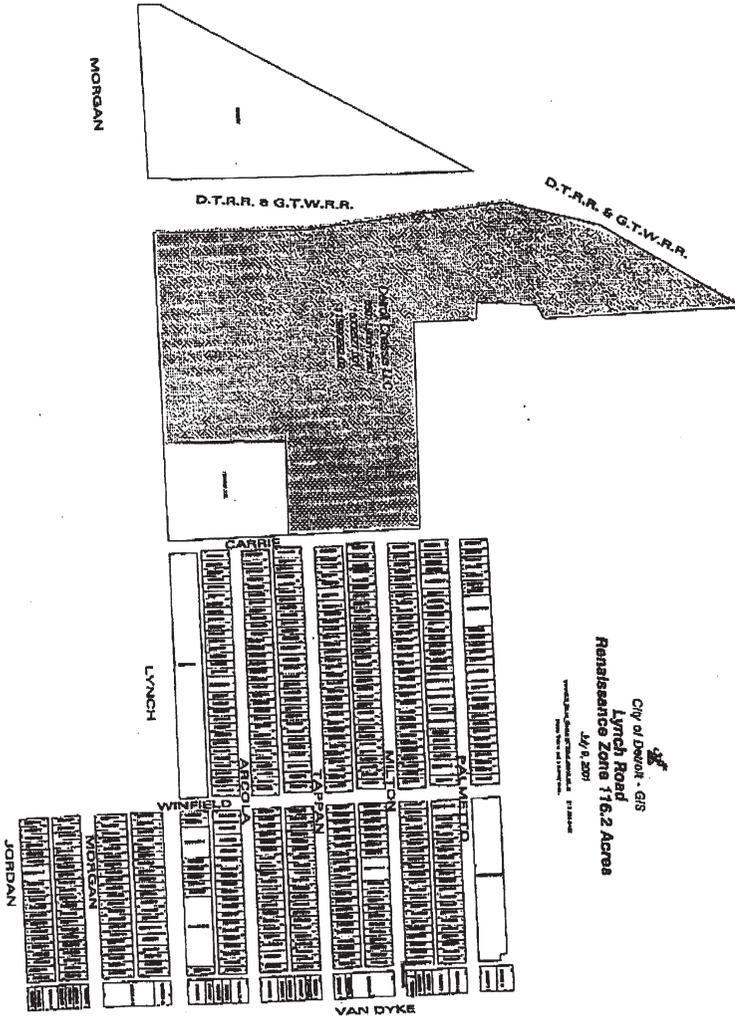

Whereas, Should the Renaissance Recovery Zone be extended, property within that zone will be exempt from taxes levied by the city, county, and other units of governments as provided under Public Act 376 as amended PA 440 and PA116, and

Whereas, We estimate that the tax revenue lost, which is estimated on the attached schedule, would be a small fraction of the benefits the designation of a Renaissance Zone will bring the community.

Whereas, The business will maintain its current employment level, eighty (80) full time and create no less than one hundred and thirty (130) jobs or make a capital investment of no less than \$2,000,000, within the first year of the extension, or otherwise be in violation of the terms of the written agreement and will be subject to revocation by Michigan Strategic Fund (MSF) and

Whereas, The state government, under the Act, will reimburse local schools, community colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the Act; and

Therefore Be It Resolved, That the City of Detroit requests that the State of Michigan extend the duration of the tax exemption for Detroit Chassis, LLC, 6501 Lynch Road, Real Property Parcel ID #s" 23000099.0428, 15990292.07, 15990292.04; for a duration of up to fifteen (15) years, effective January 1, 2010 with an ending date of December 31, 2025.

Whereas, The Michigan Renaissance Zone Act was amended by Public Act 440 of 2006 and recently amended again by Public Act 116, effective April 29, 2008 to allow certain local governmental units in which Renaissance Zones have been designated to extend the duration of time if the extension will increase capital investment or job creation;

Whereas, The City of Detroit desires to promote economic activity and increase in the number of job opportunities for residents of the City of Detroit;

Whereas, Certain industries in the state are facing difficult times, have sustained losses due to competition and downturn in the Detroit market in general;

Whereas, A new project or expansion will be the catalyst for a time extension therefore temporarily reducing the tax burden paid by the business enabling it to reposition itself to compete, and

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, Extensions are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the extension if the Board determines that increased capital investment or job creation will not begin within 1 year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the Board of the MSF;

Whereas, Should the Renaissance Recovery Zone be extended, property within that zone will be exempt from taxes levied by the city, county, and other units of governments as provided under Public Act 376 as amended PA 440 and PA116, and

Whereas, We estimate that the tax revenue lost, which is estimated on the attached schedule, would be a small fraction of the benefits the designation of a Renaissance Zone will bring the community.

Whereas, The business will maintain its current employment level, thirty one (31) full time and create no less than seven (7) jobs or make a capital investment of no less than \$200,000, within the first year of the extension, or otherwise be in violation of the terms of the written agreement and will be subject to revocation by Michigan Strategic Fund (MSF) and

Whereas, The state government, under the Act, will reimburse local schools, community colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the Act; and

Therefore Be It Resolved, That the City of Detroit requests that the State of Michigan extend the duration of the tax exemption for Pioneer Steel, Inc., 7447 Intervale, Real Property Parcel ID #16005831, 16005834.001, 16990793.00;

**A RESOLUTION CONSENTING TO THE  
EXTENSION OF THE RENAISSANCE  
ZONE STATUS FOR THE DETROIT  
CHROME/DCI AEROTECH DIV.:**

By Council Member Collins:

Whereas, The Michigan Renaissance Zone Act was amended by Public Act 440 of 2006 and recently amended again by Public Act 116, effective April 29, 2008 to allow certain local governmental units in which Renaissance Zones have been designated to extend the duration of time if the extension will increase capital investment or job creation;

Whereas, The City of Detroit desires to promote economic activity and increase in the number of job opportunities for residents of the City of Detroit;

Whereas, Certain industries in the state are facing difficult times, have sustained losses due to competition and downturn in the Detroit market in general;

Whereas, A new project or expansion will be the catalyst for a time extension therefore temporarily reducing the tax burden paid by the business enabling it to reposition itself to compete, and;

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, Extensions are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the extension if the Board determines that increased capital investment or job creation will not begin within 1 year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the board of the MSF;

Whereas, Should the Renaissance Recovery Zone be extended, property within that zone will be exempt from taxes levied by the city, county, and other units of government as provided under Public Act 376 as amended PA440 and PA116, and

Whereas, We estimate that the tax revenue lost, which is estimated on the attached schedule, would be a small fraction of the benefits the designation of a Renaissance Zone will bring the community;

Whereas, The business will maintain its current employment level, 45 (Forty-Five) and create no less than Fourteen (14) jobs or make a capital investment of no less than \$1,300,000, within the first year of the extension, or otherwise be in violation of the terms of the written agreement and will be subject to revocation by Michigan Strategic Fund (MSF), and

Whereas, The state government, under the Act, will reimburse local schools, community colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the Act; and  
Therefore be it

Resolved, That the City of Detroit requests that the State of Michigan extend the duration of the tax exemption for Detroit Chrome/DCI Aerotech Div., 7515 Lyndon, real property parcels #d, 16990871.00, 160005903.005 & 160005903.008 also 7511 Lyndon, real property parcel #d 16005903.006, also 7531 Lyndon, real property parcel #d 160055903.007 for a duration of up to fifteen (15) years, effective January 1, 2010 with an ending date of December 31, 2025.

Honorable City Council:

Re: Proposed Ordinances to Amend:

- 1) Chapter 8.5 of the 1984 Detroit City Code, *Blight Violations*, and
- 2) Chapter 22 of the 1984 Detroit City Code, *Handling of Solid Waste and Prevention of Illegal Dumping*.

The above-referenced proposed ordinances were requested by your Honorable Body, the Department of Public Works, and the Department of Administrative Hearings. We are now responding to the requests.

This first proposed ordinance amends Chapter 8.5 of the 1984 Detroit City Code, *Blight Violations*, Article II, *Blight Violation Actions*, Division 2, *Blight Violation Notices*, and Article III, *Administrative Hearings*, Division 1, *Hearings Department*, by amending Sections 8.5-2-11 and 8.5-3-2, to provide that authorized local officials of the Department of Public Works may issue a warning notice prior to the issuance of a blight violation notice where the potential violation is the first violation for the owner, the potential violation is not the result of an eviction, and the solid waste is less than ten (10) cubic yards; and to permit fines to be waived for

violations of the City Code designated as blight violations at owner-occupied dwellings for first-time violators who have corrected the circumstances of the blight violations, thereby making the section commensurate with Section 4q of the Michigan Home Rule City Act, MCL 117.4q, which was amended by Public Act 51 of 2008.

The second proposed ordinance amends Chapter 22 of the 1984 Detroit City Code, *Handling of Solid Waste and Prevention of Illegal Dumping*, Article I, *In General*, by amending Sections 22-1-1, 22-1-2, 22-1-11, 22-1-12, 22-1-13, 22-1-14, 22-1-15 and 22-1-16 to change the definition of the term 'repeat' to clarify that a repeat blight determination must occur within a one (1) year period; to provide that an authorized local official of the Department of Public Works is authorized to issue a warning notice prior to the issuance of a blight violation notice; to clarify in Sections 22-1-11, 22-1-12, 22-1-13, 22-1-14, and 22-1-15 that all violators be made responsible for the cost of removal by the City of Detroit of solid waste, medical waste, and hazardous waste; to change the method of measuring solid waste in Section 21-1-14 from cubic feet to cubic yards; to delete the erroneous language in Section 21-1-14 that a person who violates Sections 22-2-83(c) and (d), 22-2-84(a) and (b)(1), (2) and (4), 22-2-87, 22-2-88(b) and (c), 22-2-96 or 22-2-97, where the amount of solid waste is less than twenty (20) or more cubic feet in volume but less than twenty (20) cubic feet in volume, is responsible for a blight violation and, for the first violation, is subject to a civil fine of one thousand dollars (\$1,000.00); to delete the requirement in Section 21-1-14 that a person who violates any of the provisions of this Chapter 22-2-83(c) and (d), 22-2-84(a) and (b)(1), (2) and (4), 22-2-87, 22-2-88(b) and (c), 22-2-96 or 22-2-97, where the amount of the solid waste is twenty (20) or more cubic feet in volume but less than fifty (50) cubic feet in volume, is responsible for a blight violation and, for the first violation, is subject to a civil fine of two thousand five hundred dollars (\$2,500.00); to delete the requirement in Section 21-1-14 that a person who violates any provisions of Sections 22-2-83(c) and (d), 22-2-84(a) and (b)(1), (2) and (4), 22-2-87, 22-2-88(b) and (c), 22-2-96 or 22-2-97, for a repeat or subsequent blight violation, where the amount of the solid waste is twenty (20) or more cubic feet in volume but less than fifty (50) cubic feet in volume, is subject to a civil fine of not less than three thousand five hundred dollars (\$3,500) but not more than five thousand dollars (\$5,000.00); to delete the requirement in Section 21-1-14 that a person who violates any provisions of Sections 22-2-83(c) and (d), 22-2-84(a)

and (b)(1), (2) and (4), 22-2-87, 22-2-88(b) and (c), 22-2-96 or 22-2-97 for a repeat or subsequent blight violation, where the amount of the solid waste is fifty (50) or more cubic feet in volume, is subject to a civil fine of not less than five thousand dollars (\$5,000) but not more than ten thousand dollars (\$10,000.00); and to require in Section 21-1-14 that a person who violates any of the provisions of Sections 22-2-83(c) and (d), 22-2-84(a) and (b)(1), (2) and (4), 22-2-87, 22-2-88(b) and (c), 22-2-96 or 22-2-97, where the amount of solid waste is ten (10) or more cubic yards, is responsible for a blight violation and, for the first violation, is subject to a civil fine of one thousand dollars (\$1,000.00).

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinances are now being submitted to your Honorable Body for consideration and passage. We are available to answer any questions that you may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 9, Article I, of the 1984 Detroit City Code, *Detroit Property Maintenance Code*, to Require Inspections and Clearances for Lead in Residential Rental Property.

Pursuant to your Honorable Body's request, through Council Member Sheila M. Cockrel, the Law Department has reviewed and redrafted the above-

referenced proposed ordinance, which has been approved as to form. In accordance with the applicable provisions of the 1997 Detroit City Charter, the proposed ordinance is being submitted to your Honorable Body for consideration and passage.

Briefly, this proposed ordinance amends the Detroit Property Maintenance Code to require that residential rental property in the City of Detroit be inspected for lead paint and lead-based paint hazards and, if such hazards exist, requires the owner of the property to abate or perform interim controls concerning any such hazards. The proposed ordinances requires that the owner receive clearance from a certified clearance technician or certified lead inspector/certified risk assessor in order to receive a certificate of compliance from the City and that a clearance certificate concerning lead hazards be obtained by owners of rental property prior to occupancy. Further, the proposed ordinance provides for civil fines for the failure to obtain a lead clearance for rental property. Lastly, the proposed ordinance will make this Chapter commensurate with state law concerning lead abatement and lead clearances for residential property.

We are available to answer any questions that you may have concerning this proposed ordinance. Thank you for your consideration.

(2) Occupants of rental property shall be temporarily relocated by the owner for the safety of occupants during interim controls or abatement until certification by a certified clearance technician, for interim controls only, or certified lead inspector/risk assessor, for abatement or interim controls, is received; and occupants who relocated to a dwelling unit not owned by the landlord shall not be liable to the landlord for rent accruing during this time period, provided, that relocation of occupants shall not be necessary where:

Re: Request Permission to Accept a Detroit — State Byrne JAG Grant (50001-1-09-B) from the State of Michigan Department of Community Health.

The Department of Community Health has granted the Detroit Police Department (DPD) **\$270,000.00, with no cash match** for a "Detroit — State Byrne JAG Grant." The \$270,000.00 will be divided equally among the DPD, Wayne State University Public Safety, and Detroit Public Schools Public Safety. Each of the three entities will receive \$90,000.00, with the DPD serving as the fiduciary. The grant period is July 1, 2009 through September 30, 2012.

The funding designated for the DPD will allow for increased and focused patrol at targeted high schools within the Twelfth Precinct (Mumford, University of Detroit, and Detroit Loyola) and the Northeastern District (Pershing, Martin Luther King, and Kettering). This presence will come in the form of patrol in motor vehicles, as well as bike patrol. The main goal of the project is to bring about a reduction in school related incidents, crime, and calls for service to the targeted locations. While officers are patrolling the neighborhoods prior to and after school, they will also have the added responsibility of addressing various concerns of the communities surrounding the schools. It is expected that as a result of the increased patrols in the neighboring communities, a decrease in crime and calls for service in those areas will occur as well.

If approval is granted to accept this funding, Commander Catherine Tuttle, of the Twelfth Precinct; and Commander Frankie Lewis, of the Northeastern District, would serve as the project directors. The appropriation number is 12693.

**RESOLUTION OPPOSING  
STATE REVENUE SHARING CUT TO  
THE CITY OF DETROIT**

By Council Member Watson on behalf of Council President K. Cockrel, Jr.:

Whereas, The City of Detroit is currently facing a financial tsunami that has caused us to reduce city-services and implement a pay reduction while other structural and financial remedies are currently being considered. A cut in revenue sharing to Detroit from the State of Michigan would further negatively impact a \$275-\$300 million budget deficit the city is currently facing. There is an immediate revenue shortfall projected around \$60-\$80 million, and

Whereas, Estimates indicate that the City of Detroit stands to lose up to \$39 million in revenue sharing, which could mean losing 300 police officer and fire fighter positions. The City of Detroit already has a limited number of public safety officials and can ill afford to lose any more public safety officials, and

Whereas, The City of Detroit has already absorbed, from 2003 to 2007, reductions in state revenue sharing in the amount of \$225 million. The revenue in Detroit is expected to continue declining with the record number of foreclosures and a decrease in income and wagering taxes. Now, therefore be it

Resolved, We believe the economic vitality of the State is closely linked to the City of Detroit. Therefore, the Detroit City Council strongly recommends and urges Governor Jennifer Granholm to veto any cuts in state revenue sharing in the State general fund budget.

Honorable City Council:

Re: Hope Park Supportive Housing — Phase I — Payment in Lieu of Taxes (PILOT).

Northwest Detroit Neighborhood Development (NDND) is partnering with Michigan State Housing Development Authority (MSHDA), State Department of Corrections, Ready 4 Work Project, United Way, Blight Busters and others to establish new housing for homeless and other special needs families in the Brightmoor community. This project will consist of construction of five (5) new single-family houses. The project will be utilizing the help of trained parolees in the Ready 4 Work Program.

Total development cost will be one million dollars (\$1,000,000.00), which will be provided by grants in the amounts of \$500,000 each from MSHDA and State Department of Corrections.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

All five (5) of the units will be occupied by households with incomes no greater than 30% of the area median income, adjusted for family size. Exemption from *ad valorem* tax will be effective as long as the project is in compliance with the terms of the MSHDA grant agreement, the provisions of PA 346 of 1996 as amended, and any applicable City of Detroit Code provisions. However, the exemption shall not exceed forty years.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service fee of ten percent (10%) for this housing project.

Respectfully submitted,  
**J. CASTONE**  
Assessor

By Council Member S. Cockrel:

WHEREAS, Pursuant to the provisions of Act 346 of the Public Acts of 1996, as amended, a request for exemption from property taxes by Michael Chateau of Northwest Detroit Neighborhood Development on behalf of Hope Park Supportive Housing has been filed. It has been determined that the sponsors have formed Brightmoor Nonprofit Housing Corporation.

Whereas, Said sponsors are constructing five (5) single family houses, which is being funded by a grant from MSHDA and Michigan Department of Corrections totaling \$1,000,000.00 dollars.

Whereas, The purpose of the project is to serve low to moderate-income persons, the description of the property is as Exhibit "A".

Now, Therefore, Be It

Resolved, That the said described premises are henceforth entitled to be exempt from taxation but subject to the provisions of a service charge for payment in lieu of taxes as set forth in Act No. 346 of the Public Acts of 1996, as amended, being MCLA 125, 1401, et. Seq., MSA 16.114(1) et. Seq., and be it further

Resolved, That said described premises shall be allowed a payment in lieu of taxes, (PILOT) or service charge of ten percent (10%) of the annual net shelter rent obtained from the project per City Ordinance 9-90 as amended, having taken effect, and be it further

Resolved, That arrangements to have collections of a payment in lieu of taxes from Brightmoor Nonprofit Housing Corporation be established upon occupancy of the premises with exemption to begin the subsequent year and continue for future years with respect to the described property and that all necessary journal entries with respect to the same

be prepared by the Chief Financial Officer, and be it further

Resolved, The exemption from ad valorem tax shall be in effect so long as the project remains in compliance with the terms of the MSHDA grant, provision of PA 346 of 1996 as amended, and any applicable City of Detroit Code provisions, however, the exemption shall not exceed 40 years.

Resolved, that the City Clerk furnish the Finance Department — Assessment Division two certified copies of this resolution.

### Invocation

#### We are Workers, not Master Builders

It helps, now and then, to step back and take a long view.

The kingdom is not only beyond our efforts, it is even beyond our vision.

We accomplish in our lifetime only a tiny fraction of the magnificent enterprise that is God's work.

Nothing we do is complete, which is a way of saying that the kingdom always lies beyond us.

No statement says all that could be said.

No prayer fully expresses our faith.

No confession brings perfection.

No pastoral visit brings wholeness.

No program accomplishes the church's mission.

No set of goals and objectives includes everything.

This is what we are about.

We plant the seeds that one day will grow.

We water seeds already planted, knowing that they hold future promise.

We lay foundations that will need further development.

We provide yeast that produces far beyond our capabilities.

We cannot do everything, and there is a sense of liberation in realizing that. This enables us to do something, and to do it very well. It may be incomplete, but it is a

beginning, a step along the way, an opportunity for the Lord's grace to enter and do the rest.

We may never see the end results, but that is the difference between the master builder and the worker.

We are workers, not master builders; ministers, not messiahs.

We are prophets of a future not our own. Amen.

BISHOP OSCAR ROMERO  
St. Hedwig Church

Council Members Barbara-Rose Collins and Kwame Kenyatta entered and took their seats.

Re: Charla McCreary vs. City of Detroit, A Michigan Municipal Corporation. Case No.: 09-001640 NO. File No.: A20000-002065 (NJL).

On September 9, 2009, a case evaluation panel evaluated the above-captioned lawsuit and awarded Twenty Thousand Dollars (\$20,000.00) in favor of Plaintiff. The parties have until October 7, 2009 to either accept or reject the case evalua-

tion. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Re: Departmental Report and Recommendation Petition No. 3254 —  
Tharp Grand Trunk, Inc., for a new outdoor café service area to be held in conjunction with 2008 Class C Licensed Business to be located on city property at 612 Woodward.

The above named petitioner has requested permission for outdoor café service to be held in conjunction with 2008 Class C Licensed Business at above-referenced location. We submit the following information.

The Buildings and Safety Engineering Department (B&SE) has recommended that your Honorable Body grant this petition, as records shows that 612 Woodward is zoned B4 and the current legal use is with a Class C Business License.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DPWH) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without the approval from DHWP Food Sanitation Section.

The approval from the Central District Precinct of the Police Department does not cover serving liquor in the outdoor café area without the approval of the local legislative body of the City of Detroit.

P&DD is not aware of any objections from any other City Agencies involved. It is the recommendation of the Planning

and Development Department that Petition No. 3254 be granted, subject to the terms and conditions provided in the attached Resolution.

Respectfully submitted,

MARJA M. WINTERS

Deputy Director

By Council Member Collins:

Resolved, That the Department of Public Works — City Engineering Division (DPW/CED) is hereby authorized and directed to issue a Use-permit to Tharp Grand Trunk, Inc., "permittee", whose address is at 612 Woodward, Detroit, Michigan 48226, to install and maintain an outdoor cafe which will convene April 1, 2009 through November 30, 2009, contingent upon licensee of such premises obtaining approval of the Michigan Liquor Control Commission, as necessary, and compliance with applicable City Ordinance in connection with outdoor café activities, prior to the issuance of said use permit; and

Provided, That the outdoor cafe meets the regulations set by the "Outdoor Café Guidelines" as adapted by the City Council and guided by Chapter 58, Section 50-2-8.1 of the City Code; and

Provided, That the petitioner obtains all necessary licenses and permits; and

Provided, That said activities are conducted under the rules and regulations of the Department of Transportation, Department of Public Works and the supervision of the Police Department; and

Provided, That the sale of food and soft drinks is held under the direction and inspection of the Detroit Health and Wellness Promotion; and

Provided, That the "permittee" remit the required annual fee(s) to DPW/CED for issuance of a use-permit and confirm license of the establishment in compliance with the City Code; and

Provided, That the "permittee", prior to obtaining said permit, file an indemnity agreement (attached) in a form approved by the Law Department, saving and protecting the City of Detroit harmless from any or all claims, damages or expenses that may arise by reason of the issuance of said permit and the faithful performance by the "permittee" of the terms thereof; and in addition, to pay all claims, damages or expenses that may arise out of the maintenance of said encroachments; and

Provided, That the filing of said indemnity agreement for this current year shall be construed as acceptance of this Resolution by the "permittee"; and

Provided, That the permit is revocable at the will, whim and caprice of the City Council; and hereby expressly waives any right to claim damages or compensation for removal of encroachment, and further, that "permittee" acquires no implied or other privileges hereunder not expressly stated herein; and

Provided, That no other rights in the public streets, alley or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachment shall be removed at the expense of the "permittee" at any time when so directed by City Council, and that the public property so affected shall be restored to a condition satisfactory to the DPW/CED by said "permittee" at its expense; and

Provided, That the permit shall not be assigned or transferred without a written approval of the City Council; and

Provided, That the petitioner follow the mandated minimum six (6) foot wide pedestrian clearance on the sidewalk, free of all obstacles such as existing planters, parking meters, mail box, utility poles, transformer boxes, etc., to allow for pedestrian movement; and

Provided, That the designated outdoor seating shall be properly identified through the use of railings in order to regulate and control the serving of liquor within the approved area; and

Provided, That if any tent or other enclosure is to be utilized on the subject site, the applicant shall secure prior approval from Buildings and Safety Engineering Department and the Department of Public Works/City Engineering Division; and

Provided, That this use-permit shall be for a period not to exceed one year after receiving the approval of the City Council and may be renewable on an annual basis; and

Provided, That all railing equipment and fixtures shall be removed from the public right-of-way during the months of non-operation and placed in storage; and

Provided, That a certified copy of this Resolution shall be recorded with the Office of the Register of Deeds for Wayne County by and the "permittees" expense;

**RESOLUTION RE: DETROIT REGION AEROTROPOLIS/MICHIGAN DEVELOPMENT ZONES**

By COUNCIL MEMBER COLLINS:

WHEREAS, Legislation creating Next Michigan Development Zones has been proposed to support the Detroit Region Aerotropolis (the “Legislation”), and

WHEREAS, The Legislation provides greenfield areas in Next Michigan Development Zones an unbeatable com-

petitive advantage over older communities, and

WHEREAS, The Legislation is too broad and has significantly strayed from its original purpose of providing specific incentives to support air cargo and logistics operations at the Detroit Region Aerotropolis, and

WHEREAS, It is unlikely that the City of Detroit would be able to create a viable Next Michigan Development Zone due to its large geographic size, and

WHEREAS, The Detroit City Council has a vested interest in preserving and expanding employment opportunities for residents of the City and doing all things practicable to retain and grow businesses and tax revenues for the City.

NOW THEREFORE BE IT RESOLVED, That the Detroit City Council opposes the Legislation in its present form.

BE IT FURTHER RESOLVED, That the Detroit City Council supports major required amendments to the currently proposed Legislation, which include the following:

1. Administrative facilities supporting businesses benefiting from Next Michigan incentives should be required to be located in the nearest major urban center in order to qualify.

2. The State of Michigan must provide funds for special infrastructure and site preparation needs for the City of Detroit and other older urban areas in order to allow these areas to fairly compete with Next Michigan Zones.

3. A special provision must be made in the Legislation to accommodate a zone for the City of Detroit that has an equal number of incentives, especially Renaissance Zones, to similarly sized areas.

4. The definition of eligible businesses must be limited to only air-cargo and related supply and logistics businesses.

BE IT FURTHER RESOLVED, That the Detroit City Council, in the event that new Legislation is drafted to support the Detroit Region Aerotropolis which specifically target supply and logistics-related businesses (including air-related cargo), supports the following major provisions to be included in the new Legislation:

1. Restricts the definition of eligible business to legitimate air cargo and other supply and logistic functions.

2. Allocates Renaissance Zones that are targeted to supply and logistics companies via a competitive state process that supports real and not speculative, significant business investments, as opposed to awarding a set number to specific geographic areas.

3. Invests in the actual transportation infrastructure that can attract supply and logistics companies.

4. Maintains the current system of local control over local tax incentives, and the traditional role of Michigan Economic Development Corporation (MEDC) and local units of government in the distribution of state incentives.

BE IT FINALLY RESOLVED, That a copy of this Resolution be sent to the Mayor, Governor, State Legislature, Detroit Region Aerotropolis Development Corporation, Wayne County Executive, and Wayne County Airport Authority.

October 7, 2009

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Detroit Building and Construction Trades Council.

The Labor Relations Division has recently reached agreement with the Detroit Building and Construction Trades Council on a 2008-2012 labor contract. This agreement is based on a recently issued fact finding report, the terms of which the City has imposed on the bargaining units. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body authorize action to reduce the standard work hours by ten percent (10%) or twenty-six (26) work days in a 12-month period for three (3) consecutive twelve-month periods, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked as set forth in the attached Exhibit A, effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,  
BARBARA WISE-JOHNSON  
Labor Relations Director

By Council Member Kenyatta:

Resolved, That the Finance Director is

**SCHEDULE A**

**Wages**
